**Importance:** High

**WITHOUT PREJUDICE**

Dear Andy

I have now taken Morrisons instructions. I would wish to reiterate Morrisons commitment to work with the Police and to operate the Gloucester store in a way that promotes the licensing objectives.

With this in mind Morrisons would be prepared to offer the following undertaking for a 3 month period:-

"Morrisons to carry out a risk assessment as to the need for SIA guards. A minimum of one security guard to be on duty Monday to Sunday at times that the risk assessment dictates."

I confirm that the security guard will be supported by the regional security officer working with the store and loss prevention specialists. Morrisons will keep the situation under constant review and increase the number of guards as and when the risk assessment dictates.

Please note that if this is not acceptable and the matter proceeds to a hearing the above offer to provide an undertaking is withdrawn. As previously advised it is not usual for Morrisons to have conditions/undertakings relating to the requirements of guarding.

I will come back to you about the Police post as soon as possible.

Apologies for not being able to get back to you sooner.

Kind regards.

Clare
