1. INTRODUCTION

- 1.1 The City Council must prepare and maintain a Local Development Scheme (LDS) as part of its town planning responsibilities. The purpose of the LDS is to describe the planning documents that the Council will prepare that will be used as the basis for setting the planning vision for the City and determining planning applications.
- 1.2 An LDS must:
- Contain a brief description of all local development documents (LDDs) to be prepared and the content and geographic area to which they relate;
 - Explain how different DPDs relate to each other; and
 - Set out a timetable for producing DPDs, with key milestones.
- 1.3 The Council has prepared two previous LDSs. This latest LDS updates the last version adopted by the Council in April 2011. It explains what work the Council will be doing over the next three years in preparing land use plans for the City.
- 1.4 Copies of this LDS are available to download at the Council's website (www.gloucester.gov.uk/planning) at the Council's main offices in the Docks and at all local libraries.

2. BACKGROUND

- 2.1 The adopted Gloucester Local Plan dates back to 1983. A number of policies in this plan were formally 'saved' by the Secretary of State for Communities and Local Government in 2007 (shown in Annex 1). A draft replacement Local Plan was published in 2001 and updated in 2002. This version of the plan, the second stage deposit was approved by the Council for the purposes of development management decision making.
- 2.2 The Council has adopted a number of Supplementary Planning Documents (SPDs) as 'interim supplementary policy' to support existing policies. A schedule of adopted SPDs is provided at Annex 2. The Council anticipates that these SPDs will be reviewed and updated in the near future. Further updates will be made available on the Gloucester City Council website (www.gloucester.gov.uk/planning).
- 2.3 The Council recognises that it needs to adopt a replacement set of land uses plans and this scheme explains what the Council intends to do to ensure this happens.

Planning regime post-2004

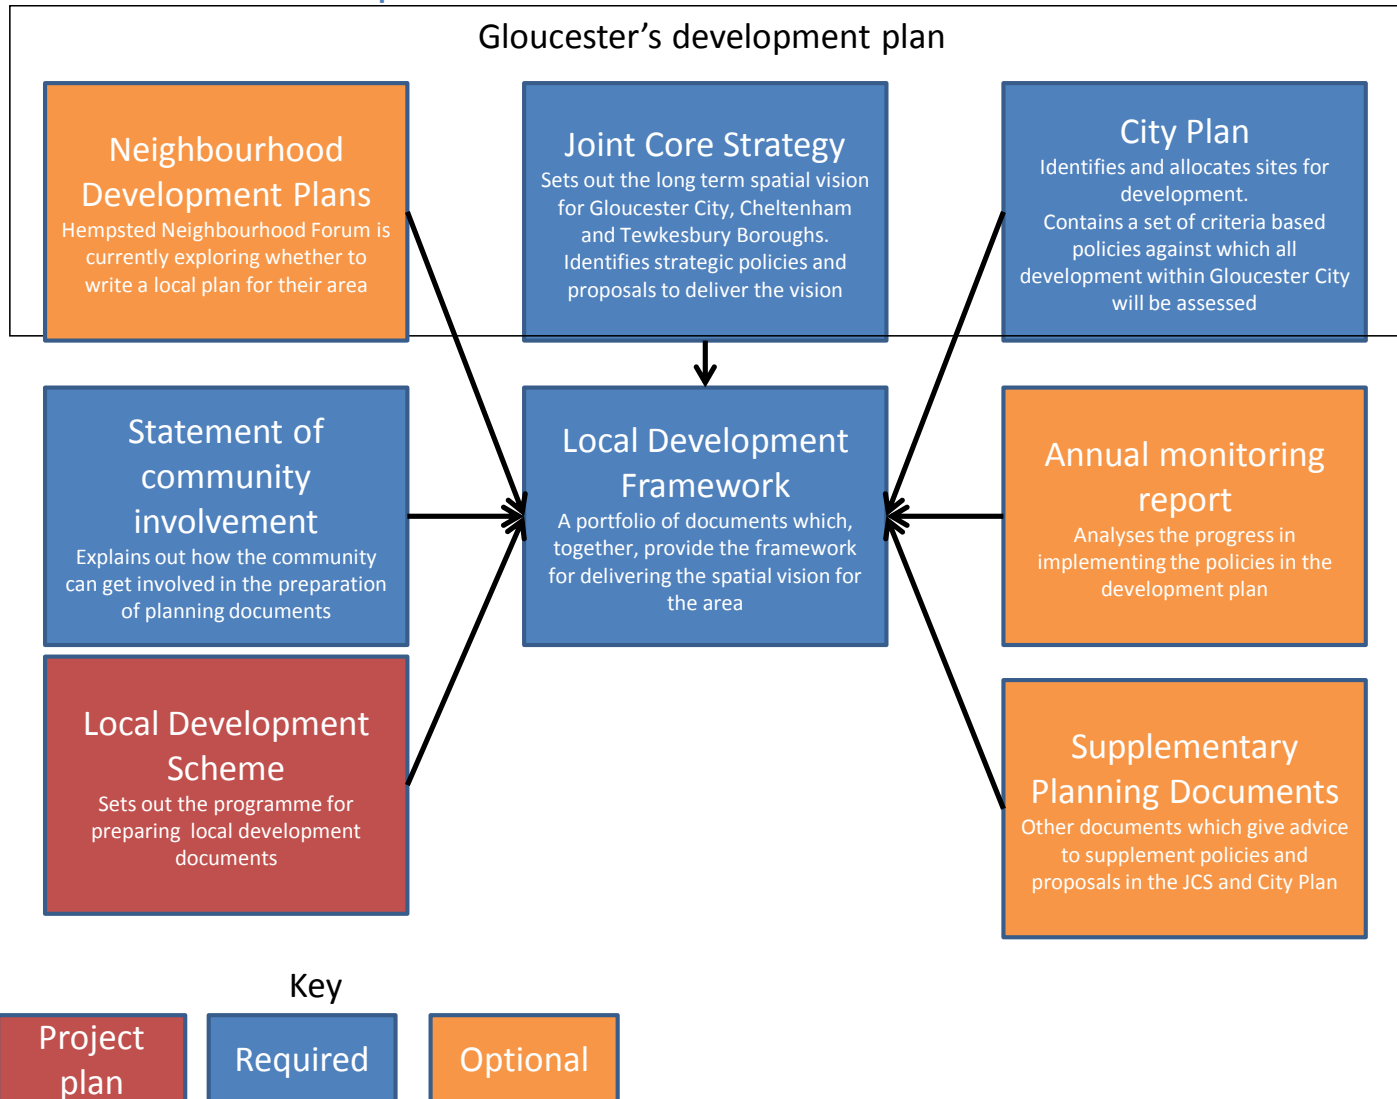

- 2.4 In 2004, the Government introduced the Planning and Compulsory Purchase Act. This law replaced the old system of Local Plans with a new system, called a Local Development Framework (LDF). An LDF is different in form, consisting of a 'portfolio' of local development documents (LDDs) that can be updated more easily. These documents must have a 'spatial' dimension. This means they must not only deal with

the physical use of land, but also consider the wider social and economic implications of developing land too.

- 2.5 There are two types of local development documents (LDDs) that the Council must or may choose to prepare. The first type are Development Plan Documents (DPDs). These documents can only be adopted once have been scrutinised independently. They have what is called “development plan” status. This means the Council and other decision makers must legally have regard to them when assessing planning applications.
- 2.6 The second type of LDDs are called Supplementary Planning Documents (SPDs). These are typically advice notes clarifying how specific types of planning applications will be assessed or suggesting how key sites could be developed. The difference between SPDs and DPDs is that SPDs are not subjected to independent scrutiny. SPDs do not have development plan status but considerable weight should be given to them when determining planning applications. A list of the Council’s current SPDs is set out in Annex 2. The DPDs and SPDs together comprise the LDF.
- 2.7 For Gloucester, the two DPDs that the Council is currently working on are:
 - The Joint Core Strategy with Cheltenham and Tewkesbury Borough Councils; and
 - The Gloucester City Plan.
- 2.8 Together, these two plans will comprise the “development plan” for Gloucester. This means, that all development must be built in accordance with these plans unless there are material considerations that would indicate otherwise.
- 2.9 In preparing these DPDs, the Council must consult the public on these plans in accordance with an agreed Statement of Community Involvement. The Council adopted a Statement of Community Involvement in 2005 and approved a Consultation Statement in 2011 with Cheltenham and Tewkesbury Borough Councils to cover how the three Councils will consult people in connection with the JCS.
- 2.10 Separate from the Council’s work, the Hempsted Neighbourhood Forum is investigating whether it will prepare its own Neighbourhood Development Plan. If it proceeds with a Neighbourhood Development Plan, this too will have to be independently scrutinised. If it is adopted, it will have development plan status too. Other Neighbourhood Development Plans may come forward in time.
- 2.11 Figure 1 explains how the different documents in an LDF relate to one another.

Gloucester's Local Development Framework

The Joint Core Strategy DPD

- 2.12 The Council has been working on this plan with Cheltenham and Tewkesbury Borough Councils since 2008. The Joint Core Strategy (the JCS) will provide a spatial vision for the local authority areas of Gloucester, Cheltenham and Tewkesbury covering up to the year 2031. It will set out in broad terms how many houses and jobs we will need and where these could be accommodated. The JCS must be consistent with the Government policy and backed by local evidence.
- 2.13 The JCS is at an advanced stage of preparation, having gone through the following stages:
- Scoping report published – October 2008
 - Stakeholder engagement – June 2008 to November 2009
 - Developing the preferred option – December 2011 to February 2012
 - Preferred option consultation – October to December 2013
 - Pre-submission consultation - June to August 2014
 - JCS submitted to Planning Inspectorate for independent scrutiny November 2014
- 2.14 The three Councils have jointly considered comments received during the various rounds of consultation and have amended various drafts of the JCS where it has been appropriate and reasonable to do so as a way of ensuring the soundness of this document.

Gloucester City Plan DPD

- 2.15 The Gloucester City Plan (the City Plan) will be a development plan document that sits beneath the JCS. It will explain how the Council will implement the spatial vision and strategic objectives in the JCS up to the year 2031 and provide criteria that it will apply when considering planning applications for different types of buildings or other development. It will identify and allocate land in the City that could accommodate some of our forecast growth in housing, employment and shopping needs. The various proposals in the City Plan will be shown on a comprehensive proposals map.
- 2.16 The Council anticipates the City Plan will have four interlinking parts, as follows:
- Part 1 will set out the overarching development challenges and development principles;
 - Part 2 will set out policies that will be used for assessing planning applications (also called development management policies);
 - Part 3 will set out a locally based approach to places and site opportunities; and
 - Part 4 will deal with site delivery and infrastructure provision.
- 2.17 A number of City Plan consultations have already been undertaken. These include:
- City Plan scope published – March 2011
 - Consultation on City plan scope, that is, the things it must cover - May to August 2011
 - Consultation on City Plan Part 1 – March to April 2012

- Consultation on City Plan Part 3 – May to July 2013

2.18 An indicative timetable for the preparation of the rest of this document is set out below. The Council recognises that any delay in the adoption of the JCS will result in knock on delays to the delivery/ adoption of the City Plan.

3. TIMETABLE FOR DELIVERING THE JCS AND THE CITY PLAN

3.1 The JCS and City Plan timetables are set out below.

Table 1 Timetable for delivering the JCS

Milestone	Date
Adoption of JCS	October 2015

Table 2 Timetable for delivering the City Plan

Milestone	Date
Review and publish comments and responses arising from the 2013 consultation	Spring 2015
Prepare Part 2 (development management policies) and Part 4 (delivery and infrastructure) of the Plan and consult on them	Winter 2015
Prepare and consult on a Draft City Plan (that is, Parts 1-4), including reports that identify representations on previous consultations	Spring 2016
Publish Pre Submission draft of City Plan	Autumn 2016
Submit City Plan to Planning Inspectorate for independent scrutiny	Winter 2016
Adoption of City Plan	Autumn 2017

3.2 The delivery of this indicative City Plan timetable is dependent on achievement of an adopted JCS in October 2015 and there being sufficient resources available. These resources relate to funding of key pieces of evidence to ensure production of a sound City Plan as well as sufficient staff resources.

4 FURTHER INFORMATION AND HOW TO PARTICIPATE IN THE PLAN MAKING PROCESS
