

Mr Oktay Aslantepe,

G.C.C. Licensing, appeal against
refusal of street trading consent
Innsworth lane.

23rd Dec 2014.

Dear Mr L Barnett,

I Mr Oktay Aslantepe would like
to appeal against the refusal for a hot food vending van at
Innsworth lane.

I would like to bring to your attention that Gloucestersh-
ire Police Service have no objections to the pitch and i also
have a petition signed by local residents in support of the
service i provide to the community.

I would also like to bring to your attention that since
i have started working at Innsworth lane there has been a
massive reduction in fly tipping, drug dealing and Anti-Sociable
behaviour in and around Innsworth lane.

I feel that the service i provide adds to variety of
different foods available to the general public. I have many
years experience in the catering industry and always try my
very best to provide good food at a high standard and at
competitive prices.

I would like to confirm that during the evening as well
as at the end of the night i walk around 'Innsworth lane'
picking up any litter should it be from my charts or from
other sources.

It would seem to me that the objections raised may have come from one source mainly the allotments, I was told by some allotment owners when I first opened that they didn't want my type of van in that area!

If my clients should arrive by car they are for a short time in Insworth lane whilst their order is completed.

I hope you will take all my points into consideration whilst reviewing my appeal.

Thank you very much,

yours Sincerely,

O. Aslantepe.
