Appendices:	1. Progress Report on Council Plan Actions/Projects		
	2. Council Plan 2017-2020		

FOR GENERAL RELEASE

1.0 Purpose of Report

- 1.1 To update Cabinet on the delivery of the activities as outlined in the Council Plan 2017-2020 to make Gloucester 'A City that Works for Everyone'.

2.0 Recommendations

- 2.1 Cabinet is asked to **RESOLVE** that progress with delivery of the Council Plan 2017-2020 be welcomed

3.0 Background and Key Issues

- 3.1 The Council Plan was approved by Council in September 2017. It sets out the vision for the Council, its partners and residents to make Gloucester a 'City that Works for Everyone'. The Plan lists the Council's planned projects and activities between 2017 and 2020 in order to achieve its ambition of improving the lives of everyone who lives in, works in and visits Gloucester.
- 3.2 The Plan is structured into four priorities:
1. Working to create a vibrant and prosperous city
 2. Working to maintain a safe and attractive city
 3. Working to build strong and resilient communities
 4. Working to provide great services that ensure value for money
- 3.3 Each of the priorities include promises and key actions and projects.
- 3.4 Delivery of the Council Plan has been strong across all priorities. Of the 38 actions and projects that are listed in the plan:
- 22 (58%) have been completed as of September 2019
 - 31 (82%) are forecast to be completed by March 2020
 - 5 (13%) are forecast to be completed beyond March 2020

- 1 (3%) is on-going
- 1 (3%) is not being progressed further

3.5 Appendix 1 shows an update on all Council plan projects and actions. Attention is drawn to the following significant achievements:

- The Council's lead role in delivering on the regeneration priorities in the city centre including the delivery of an award-winning state of the art Transport Hub and progressing the development of Kings Quarter, including investment in a redesigned and repurposed Kings Square and Railway Station
- Working with stakeholders and partners to develop the vacant Blackfriars site, including the delivery of 300 units of student accommodation with a further 200 planned; and securing a preferred development partner for the historic Fleece complex.
- Completion of phase 1 of the redevelopment of Bakers Quay providing a new hotel and restaurant alongside the Provender building.
- Adopting the Joint Core Strategy and developing and securing Council approval for the City Plan – ensuring robust and innovative planning policy frameworks to deliver high quality physical development that deliver environmental and health benefits.
- Working with the Culture Trust and other partners to deliver a £3.1m Great Place Programme with strong delivery against the 7 programme strands including leadership capacity building, artist development, events and festivals, heritage and volunteering and cultural entrepreneurship.
- Significant investments in creating a safe and attractive City Centre, including the co-funding of City Centre Wardens with the BID; and the achievement of Purple Flag accreditation for a vibrant and safe night time economy for two years running
- The establishment of an innovative social enterprise (Podsmead CIC) who deliver a bespoke and local grass-cutting service, upskilling local people and creating employment opportunities in one of the less affluent wards in the City
- Achieving 'green flag status' for Robinswood Hill; Barnwood Arboretum and Saintbridge Balancing Pond and Allotments; and working with the friends group at Gloucester Park to secure green flag status in the future
- Establishment of the Gloucester Community Building Collective as a means to deliver community builders in all wards; and achieving local and national recognition as a leader in strengths based approaches
- Facilitating the delivery of key housing sites in the City Centre (Black Dog Way; Greyfriars and The Barbican) for private, affordable and social housing
- Successful relocation of council staff into Shire Hall and opening a new and purpose built customer services hub (The Gateway), enabling Herbert, Kimberley and Phillpotts Warehouse complex to be repurposed in line with the regeneration priorities for the City.

4.0 Social Value Considerations

4.1 Several actions/projects have a direct positive impact on the environment

5.0 Environmental Implications

5.1 Several actions/projects have a direct positive impact on the environment
