Yes	Great way to recognise architecture of local significance. We've got so much in Gloucester, much of it qualifying for national graded status, but it'll be great to get recognition for all the other bits. Will really contribute towards a sense of pride in the city when we can point at things and go "Oooh that's on the list!"	Yes	Glad to see Archaeological sites included.	No			No		728710
Yes	Excellent scheme and idea that can only benefit the area through cultural and financial gain.	Yes	Well thought out plan, clearly going to be a success.	Yes			No		728746

Yes	Please add Gloucester Guildhall. It is a unique community resource that cannot be lost in times of austerity. Cheltenham lost its arts centre in 2000 and it has never been replaced.	Yes		No		No		728865

Yes	It is important that Gloucester continues to be an interesting and attractive place for both tourists and residents	No	Historic England's Advice Note 7: Local heritage listing includes mention of protecting Local Green Spaces which may be designated for a variety of reasons including their setting, nature conservation value or quietness. This has not been included in the GCC Local Document. I think it should be. There are certain areas within Gloucester which could well do with protection for the benefit of all. I am thinking of Alney Island in particular which many regard as a magical place and important heritage, so close to the City centre but which could be regarded by some as ripe for development.
