

INTERNAL AUDIT PLAN 2020-2021

Gloucester
City Council

ARA
Audit Risk Assurance

Gloucester City Council  Stroud District Council  Gloucestershire County Council

Background

All local authorities must make proper provision for internal audit in line with the Accounts and Audit Regulations 2015. The latter states that authorities must “undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance”.

The guidance accompanying the Regulations recognises both the Public Sector Internal Audit Standards (PSIAS) 2017 and the CIPFA Local Government Application Note for the UK PSIAS as representing “public sector internal audit standards”. The standards define the way in which the Internal Audit Service should be established and undertakes its functions.

The standards also requires that an opinion is given on the overall adequacy and effectiveness of the Council’s control environment comprising risk management, control and governance, which is informed by the work undertaken by the Service.

The Shared Service Internal Audit function conforms to the International Standards for the Professional Practice of Internal Auditing.

What is Internal Auditing?

The role of the internal auditor is to provide *independent, objective assurance* to management that key risks are being managed effectively. To do this, the internal auditor will evaluate the quality of risk management processes, systems of internal control and corporate governance frameworks, across all parts of an organisation, and to provide an opinion on the effectiveness of these arrangements. As well as providing assurance, an internal auditor’s knowledge of the management of risk enables them to act as a consultant and provide support for improvement in an organisation’s procedures. For example, at the development stage of a major new system where the internal auditor can help management to ensure that risks are clearly identified and appropriate controls put in place to manage them.

Why is assurance important?

By reporting to senior management that important risks have been evaluated, and highlighting where improvements are necessary, the internal auditor helps senior management to demonstrate that they are managing the organisation effectively on behalf of their stakeholders. Hence, internal auditors, along with senior management and the external auditors are a critical part of the governance arrangements of our organisation, our work significantly contributing to the statutory Annual Governance Statement (AGS).

Development of the 2020/2021 Internal Audit Plan

To enable the above, the Chief Internal Auditor is required to produce an Annual Risk Based Internal Audit Plan to determine the priorities of the internal audit activity. The proposed activity should be consistent with the organisation’s priorities and objectives and taking into account the organisation’s risk management framework, including risk appetite levels set by management and internal audit’s own judgement of risks.

How did we develop the plan - Risk Based Internal Audit Planning (RBIAP)

To ensure our internal audit resources continue to be focussed accordingly, particularly during periods of organisational change, it is essential that we understand our clients’ needs, which means building relationships with our key stakeholders, including other assurance/challenge providers, in order to gain crucial insight and ongoing ‘intelligence’ into the strategic and operational change agendas within our organisation.

This insight is not only identified at the initial development stages of the plan but dialogue continues throughout the financial year(s) which increases the ability for the Internal Audit Service to adapt more closely to meet the assurance needs of the Council, particularly during periods of significant change. Our plan therefore needs to be dynamic and should be flexible to meet these needs.

How did we achieve the above?

To ensure that an effective plan is developed, in addition to obtaining the views of the Audit and Governance Committee at the risk based internal audit planning workshop held on 20th January 2020 and internal audit's own risk assessment, a consultation process took place with the Corporate Directors, Heads of Service and Service Managers to establish priorities. The proposed activity from all sources was collated and matched against the internal audit resources available and prioritised accordingly.

A flexible audit plan - Risk and Control Assurance Programme

The audit plan is stated in terms of estimated days input to the Council of **550** audit days which is comparable to last year. By continuing to apply RBIAP principles, this level of input, with the ability to commission internal audit resources from current audit framework agreements as required, is considered acceptable to provide the assurance the Council needs.

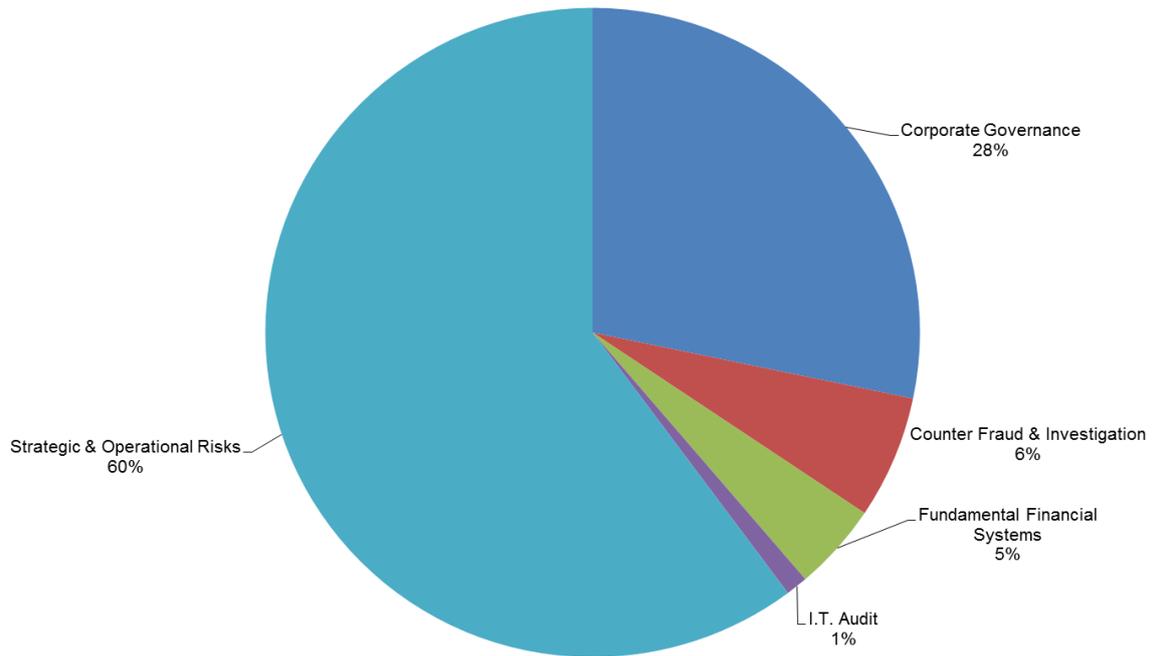

We will however, continue to reassess our resources required against the Council's priorities, in year demand and risks and will amend the plan throughout the year as required, reporting any key changes to the Audit and Governance Committee.

Overview of Internal Audit's Risk and Control Assurance Programme

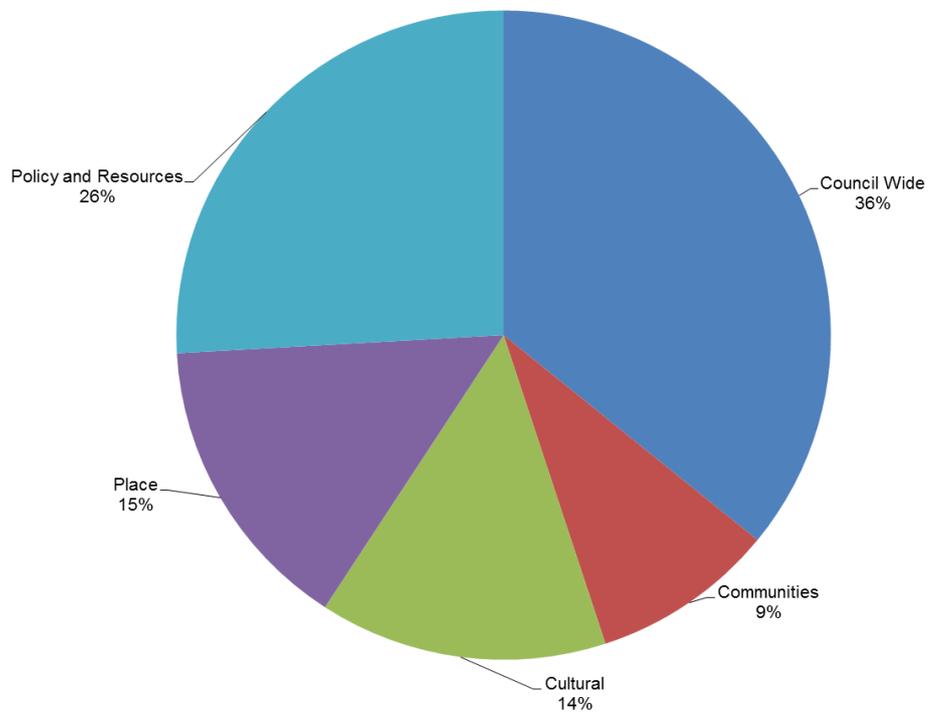

In order to provide a high level overview of the proposed Risk and Control Assurance Programme the pie charts below highlight the allocation of audit resources per:

- Category of review; and
- Functional service area.

Percentage of audit days per category of review

Percentage of audit days per functional service area

The key points to note within the proposals are:

- There is a proportional split, based on risk, between each of the functional service areas to enable the provision of an audit opinion;
- Continued focus on corporate governance, compliance with corporate policies, key financial systems and strategic risks due to organisational change; and
- Taking into consideration other assurance providers.

The detail supporting this overview is attached at Appendix 1 which shows:

- Audit activity per service area;
- Name of the audit activity;
- Reason for the audit i.e. as a result of RBIAP and link to the Council's Strategic Risk Register, statutory requirements etc;
- Outline scope of the review (please note that a detailed terms of reference is agreed with the client prior to the commencement of every audit to ensure audit activity is continually focused on the key risks and is undertaken within agreed time periods, to ensure our service adds value to the Council); and
- The priority of the audit i.e. priorities 1 and 2.

Priority one reflects statutory requirements i.e. grant certification, a limited assurance follow-up review, activities that may have been subject to a previous investigation / irregularity, or as deemed necessary by the Chief Internal Auditor to enable an opinion on the control environment to be provided.

Priority two activities are the remaining identified activities. The aim being that all priority one activities would be delivered within the year with the priority 2 audits being reassessed in the eventuality of any new emerging risk areas highlighted where assurances may be required, or where additional fraud investigations/irregularities materialise.

Council Wide

Audit	Reason for Audit	Outline Scope	Priority
Compliance with Corporate Policies	Identified as part of Risk Based Internal Audit Planning (RBIAP) Strategic Risk Register (SRR) 1.2 and 1.3	Failure by employees to follow agreed council policies and procedures can expose the Council to unnecessary liability, losses or inappropriate expenditure and behaviour. If the non-compliance of corporate policies becomes the 'norm' and this position is allowed to remain unchecked it will, over a fairly short period, significantly undermine the Council's governance framework. This allocation will enable ARA to review compliance with the corporate policies for: <ul style="list-style-type: none"> ➤ HR Policy: Effective Use of Probationary Period; ➤ HR Policy: Compliance with Flexi time / Annual Leave; and ➤ HR Policy: Employee Code of Conduct. 	Priority 1
Council's Confidential Reporting Procedures - (Whistleblowing)	Identified as part of Risk Based Internal Audit Planning (RBIAP) Strategic Risk Register (SRR) 1.2 and 1.3	Gloucester City Council has a zero-tolerance stance to all forms of fraud, bribery, corruption and theft, both from within the Council and from external sources. It recognises that fraud can: <ul style="list-style-type: none"> ➤ Undermine the standards of public service that the Council is attempting to achieve; ➤ Reduce the level of resources and services available for the residents of Gloucester; and ➤ Result in major consequences which reduce public confidence in the Council. This audit will review the Council's confidential reporting procedures.	Priority 1

Internal Audit Plan 2020/21

Audit	Reason for Audit	Outline Scope	Priority
Health and Safety	Limited Assurance Follow Up SRR 1.2 and 1.3	<p>Gloucester City Council is fully committed to achieving high standards of health and safety to protect the wellbeing of employees, residents and anyone else who may be affected by the council's activities. The 2018/19 audit highlighted a number of control weaknesses in the current arrangements and a need to further clarify roles and responsibilities.</p> <p>This audit will therefore provide assurance that the remaining actions agreed with management have now been implemented and are effective.</p>	Priority 1
Travel and Other Expenses	Limited Assurance Follow Up SRR 1.2 and 1.3	<p>Gloucester City Council has a corporate policy that specifies the expenses that can be claimed by employees including travel, accommodation and subsistence. Before employees are entitled to submit a claim form, they must for business reasons, have been prevented from their normal arrangements and as a result incurred additional expense. The 2019/20 audit concluded that only 'Limited Assurance' can be provided that the risks material to the achievement of the objectives for this area were being managed effectively.</p> <p>This audit will provide assurance that the action taken by management to address the issues identified has been effective.</p>	Priority 1
