Alterations to Vehicular Access

The Local Highway Authority has no objection to the above subject to the applicant obtaining a section 184 licence. The construction of a new access will require the extension of a verge and/or footway crossing from the carriageway under the Highways Act 1980 - Section 184 and the Applicant

is required to obtain the permission of Gloucestershire Highways on 08000 514 514 or highways@gloucestershire.gov.uk before commencing any works on the highway. Full Details can be found at www.gloucestershire.gov.uk .

Works on the Public Highway

If the extent of Highway within the site is not stopped up then the development hereby approved includes the carrying out of work on the adopted highway. You are advised that before undertaking work on the adopted highway you must enter into a highway agreement under Section 278 of the Highways Act 1980 with the County Council, which would specify the works and the terms and conditions under which they are to be carried out.

Contact the Highway Authority's Legal Agreements Development Management Team at highwaylegalagreements@gloucestershire.gov.uk allowing sufficient time for the preparation and signing of the Agreement. You will be required to pay fees to cover the Councils costs in undertaking the following actions:

- Drafting the Agreement
- A Monitoring Fee
- Approving the highway details
- Inspecting the highway works

Planning permission is not permission to work in the highway. A Highway Agreement under Section 278 of the Highways Act 1980 must be completed, the bond secured and the Highway Authority's technical approval and inspection fees paid before any drawings will be considered and approved.

Public Right of Way Impacted

There is a public right of way running through the site, the applicant will be required to contact the PROW team to arrange for an official diversion, if the applicant cannot guarantee the safety of the path users during the construction phase then they must apply to the PROW department on 08000 514514 or highways@gloucestershire.gov.uk to arrange a temporary closure of the right of way for the duration of any works.

We advise you to seek your own independent legal advice on the use of the public right of way for vehicular traffic.

The site is traversed by a public right of way and this permission does not authorise additional use by motor vehicles, or obstruction, or diversion.

Access Via Public Right of Way

Access to the site is via a public right of way and the applicant's attention is drawn to the restrictions imposed by Section 34 of The Road Traffic Act, 1988, regarding the driving of motor vehicles over public footpaths/bridleways.

Stopping Up/Diversion of Adopted Highway

You are advised that to facilitate the development an order must be obtained to stop up or divert the adopted highway under sections 247, 248 or 257 of the Town and Country Planning Act 1990. Contact the National Transport Casework team.
