circulated. He then moved the motion, which was seconded by Councillor Watkins.

- 47.3 **RESOLVED – that the recommendations contained within Items 10, 11, 12 and 13 (as amended) be approved.**

48. PUBLIC QUESTION TIME (15 MINUTES)

- 48.1 Mr Steve Gower stated that since 2010 there had been 20 per cent cuts to the environmental health department and no prosecutions of rogue landlords since 2015 and a reduction in police numbers of 222 and 70% of crimes being committed with no further action taking place in 2017 alone.

A recent statement from the homeless charity Shelter pleading for at least three million social housing units to be built in the UK. Yet in Gloucester, all empty dwellings, re-structuring of commercial properties into domestic and new build future projects, have no provision for Social Housing at all.

Last year he asked a public question to the then Homeless Councillor - that question was: "How many vulnerable people have died in supported living and HMOs for the homeless that were provided by this city in 2017" and the answer was an emphatic 47. Which was quickly denied the next day. Can the new Homeless Councillor please give a response to the same question for 2018?

He also asked in 2017, who the Independent body overseeing complaints for residents within the applications of the upcoming Social Impact Bond, was and indeed is.

He stated that he was still waiting for a response.

Last year he asked who the Independent body or appropriate professional individual is, that should be contacted in the event of any complaint made about a Councillor in this City.

He asked today for more transparency within Council regarding any professional conflict of interest, so that no confusion exists regarding any such problem facing individuals or indeed Council.

Food bank usage has tripled since 2010.

Will there be a position for councillor of hunger.

He asked the Leader of the Council if he believed that Council members and staff should be ethically, morally and legally accountable for all of the above-stated points – as part of their Public Service to the citizens of this City?

- 48.2 The Leader of the Council addressed the following points:-

- A rogue landlord had been successfully prosecuted in 2017 but efforts were focussed on resolving issues.

COUNCIL
24.01.19

- Policing was the responsibility of the Police and Crime Commissioner and the Chief Constable.
- Affordable housing had been determined at 20 per cent in the Joint Core Strategy unless viability assessments indicated a lower figure.
- Conversion of offices to residential use without the requirement for affordable housing was national policy.
- Complaints on Councillor conduct should be directed to the Council's Monitoring Officer.
- Councillors were accountable to the scrutiny process, through public question time and ultimately to the electorate through the ballot box.

48.3 Councillor Watkins, Cabinet Member for Communities and Neighbourhoods advised that the figures for deaths in HMOs had not been provided by the Council although every such death was a tragedy. She advised that complaints from tenants should be addressed to the landlord in the first instance and if necessary to a local Councillor, the Member of Parliament or the Housing Ombudsman.

49.1 There were no petitions or deputations.

52. MEMBERS' QUESTION TIME

Leader and Cabinet Members' Question Time

- 52.1 Councillor Pullen asked the Cabinet Member for Environment for an update on his discussions with Amey.
- 52.2 Councillor Cook replied that discussions were continuing but it would not be appropriate to comment on those discussions in a public forum at this stage. He hoped that the discussions would reach a conclusion soon.
- 52.3 Councillor Pullen noted that the loss of recyclables had been identified in June and the service had continued to deteriorate.
- 52.4 Councillor Cook reiterated that he expected a conclusion to the discussions soon.
- 52.5 Councillor Pullen noted that the funding bid for £5.6 million for a culture hub had been unsuccessful and he asked the Leader of the Council if this would impact on the plans for the Kings Quarter development.
- 52.6 Councillor James replied that it had already been agreed that in the event of the bid not succeeding it was still intended to deliver a Creative Entrepreneurs Hub and it would make no difference to the Kings Quarter development.
- 52.7 Councillor Noakes, Cabinet Member for Culture and Leisure advised that the bid had reached a national shortlist of nineteen. She noted that a representative of the Arts Council would be visiting on 1st February to discuss the reasons why the bid had not been successful. She stated that other opportunities for funding would be pursued.

an encouraging meeting with the Minister and expressions of interest had to be submitted by 22nd March 2019.

- 52.10 Councillor Hilton referred to the Central Post Office which was an attractive 85 year old building and asked the Leader of the Council why a public toilet had been placed in front of the building.
- 52.11 Councillor James advised that the siting of toilets in Kings Square had been dictated by the location of utilities. He noted that the toilets were of a semi-permanent nature and could be moved in the future.
- 52.12 Councillor Hilton stated that he keen to see more public toilets in the City but he believed that there must be a better location for those in Kings Square.
- 52.13 Councillor James indicated that other locations had been considered but he reiterated that the siting was dictated by the location of utilities. He noted that the toilet block may not be required when the Kings Quarter development was delivered.
- 52.14 Councillor Hilton noted that the Cabinet Member for Environment had previously stated that Amey were a nightmare to deal with and he asked Councillor Cook why he had not terminated the contract.
- 52.15 Councillor Cook advised that if the contract was terminated the Council could face legal proceedings for breach of contract and he was not prepared to take the risk which had the potential to cost the Council millions.
- 52.16 Councillor Hilton noted that the end of the financial year was approaching and would be an appropriate time to terminate the contract.
- 52.17 Councillor Cook doubted that alternative arrangements could be put in place within that timescale. He believed that the situation had to be dealt with step by step with the best interests of Council tax payers in mind.
- 52.18 Councillor Haigh asked the Cabinet Member for Planning and Housing Strategy if he would commit to the numbers of homes in the Supplementary Planning Document for Matson.
- 52.19 Councillor Organ stated that Gloucester City Homes would control this development. A development brief had been submitted in December and officers would consult prior to submission to the cabinet in March. He noted that viability would be the key to numbers achievable.
- 52.20 Councillor Haigh noted that the Supplementary Planning Document would be the property of the City Council when it was adopted. She stated that City residents needed more social and affordable housing and asked Councillor Organ again if he would commit to numbers.
- 52.21 Councillor Organ stated that the document would be subject to consultation and the decision of the Planning Committee therefore he was unable to give any commitment to numbers.

COUNCIL
24.01.19

52.22 Councillor Coole asked the Cabinet Member for Performance and Resources for an update on the recommendation to Cabinet that customers who interact with Council services be surveyed on their preferred methods of using services.

52.23 Councillor Hannah Norman responded that the survey would be undertaken in the near future.

52.24 Councillor Wilson asked the Leader of the Council what arrangements had been made for items of historical significance in the warehouses in light of the forthcoming office move.

52.25 Councillor James replied that most of the items of historical significance were in North Warehouse which would not be vacated. He was not aware of any such items in the other warehouses but if any were found he would ensure that they were dealt with in an appropriate manner.

52.26 Councillor Stephens asked the Cabinet Member for Communities and Neighbourhoods if she would comment on the following statistics:

- 4,904 people on the Housing Waiting List, of whom
- 153 were in the Gold Band (very urgent need)
- 1,580 were in the silver band (urgent need)
- Representing 1,737 people in urgent need of housing
- 153 households in temporary accommodation
- 8 households in temporary accommodation outside Gloucester
- Cost of dealing with homelessness this year was £1.3 million

52.27 Councillor Watkins replied that this was the first question regarding homelessness she had received at Council in the eight months since homelessness had been added to her portfolio of responsibilities. She stated that the latest statistics (14/12/18) were as follows:

- 4,478 people on the Housing waiting list
- 145 households in temporary accommodation
- 3 households in temporary accommodation outside Gloucester

She stated that these reductions were welcomed and whilst Officers were working hard, there was still more work to be done. She stated that there was a focus on the causes of homelessness and the need to reduce those issues.

52.28 Councillor Stephens was pleased to learn that the Cabinet recognised the need for additional temporary accommodation and he called for the investment of £5 million to provide more temporary accommodation in the City. He was pleased to see a reduction in the figures which he still considered to be disgraceful.

COUNCIL
24.01.19

- 5.29 Councillor Watkins responded that the Council needed to look at how it worked with its partners. She believed that the Homelessness Reduction Act was working and she anticipated announcements of more funding in the near future.
- 5.30 Councillor David Brown asked the Cabinet Member for Performance and Resources for an update on the My Gloucester app. He noted that residents were increasingly encouraged to do things for themselves and the app was not always working.
- 5.31 Councillor Hannah Norman agreed that My Gloucester had not been the best part of the transformation process but would be further developed as part of the Ignite project.

- 57.8 Councillor Haigh, seconded by Councillor Coole, proposed the following motion:-

“This Council notes that terminally ill employees are not currently protected under national disability legislation and can therefore be dismissed if they are no longer able to conduct their role with reasonable adjustments. This Council believes that those receiving a terminal diagnosis are entitled to dignity at work.

This Council resolves to:

COUNCIL

"This Council notes that terminally ill employees are not currently protected under national disability legislation and can therefore be dismissed if they are no longer able to conduct their role with reasonable adjustments. This can mean that terminally ill people can be subjected to stressful assessments, subsequent dismissal and the loss of death in service benefits – all following the diagnosis of a terminal illness.

This Council resolves to:

Notice of motion from the Liberal-Democrat Group

57.13 Council Brazil, seconded by Councillor Ryall, proposed the following motion:-

"This Council notes that on 28th March 2018, the Government announced its intention to consider introducing a deposit return scheme in England for single use drinks containers, whether plastic, glass or metal.

This Council agrees that a deposit return scheme would help increase the amount of single use drinks cans and bottles that are recycled rather than left to litter our streets, being sent to landfill or to incineration.

This Council notes that supermarket chains (Iceland, Co-op, Morrisons and Tesco) have been trialling a deposit return scheme.

This Council agrees that the three group leaders should write to the Secretary of State, Michael Gove to encourage him to introduce such a scheme and also to the MP for Gloucester to let him know that this Council supports the introduction of a nationwide single use drinks container deposit return scheme."

57.14 Councillor Cook, seconded by Councillor Melvin, proposed the following amendment:-
