Subject: Greek on the docks unit a

I am writing to object to the music and alcohol licence application for Greek on the docks at Merchant quays .

I live above this unit at number [REDACTED] and would like to make the following points.

In my lease I have a restriction that states I cannot make a noise such as running washing machines, vacuums, play loud music after 9pm and before 9am, if I do it will be treated as anti social behaviour, if I have that in my lease this development in unit a should have the same, making noise outside these times would be anti social behaviour from them.

Having a licence 12hours a day 7 days a week will not give me a break from this noise. I would like to see the times reduced and not have it 7 days a week

The sound proofing between my flat and unit a is very poor, (the owner has apologised once for the noise) currently I can hear all the work going on in it, any music licence should have a volume limit so it cannot be heard outside or by the people living above.

Being able to sell Alcohol until 11 I would like to see reduced this means people can buy up until 11 therefore carry on drinking outside making a noise past 11.

In summary I have no objection to low level background music being played but would like to see this coming to an end at the time I have to stop any noise at 9.

I do not object to a alcohol licence but would like to see people away from the outside drinking area by 11.

Having this noise and disturbance every day until 11 is unreasonable in a residential area Noise pollution is bad for you health and I would see this as a health concern for me.

Regards

Dear Sir or Madam

Re: Licence Application - Greek on the Docks 1600692GLPRMG

I would like to formally object to the above application on the grounds of prevention of public nuisance.

On the basis of the evidence seen in the docks since Wetherspoons were granted a licence the whole fabric of living in the docks as a safe environment has been destroyed.

Most nights we have drunken individuals falling into the water, urinating, vomiting and shouting abuse at residents.

Serving alcohol for 12 hours from 11am - 11pm 7 days a week (as the application suggests) will, I am sure, be a huge contributing factor to causing a nuisance to the residents who live above and in the surrounding area of the restaurant, along with the noise from the piped music, delivery of produce to the premises at ridiculous times in the day, and customers departing from the premises at 11pm-12am.

From what I can see the restaurant is proposing to have seating outside, which again, will exacerbate the level of nuisance to the residents and surrounding area. The Vinings restaurant has seating outside their premises too and this causes a nuisance to those living in the Vinings warehouse and those in Merchants Quay.

As residents we have to pay for the privilege of living here and the thoughts of having rowdy, noisy, drunken customers outside our door is not something I am willing to accept.

Yours sincerely
