Anti Fraud and Corruption Policy Statement

Fraud costs the UK economy around £193 billion a year – equating to more than £6,000 lost per second every day. It dwarfs previous estimates produced by the UK Government which put the figure at around £50 billion in 2013. Fraud in the public sector is around £37.5 billion and is equivalent to 5.5 per cent of the £694 billion spent annually.

This statement sets out the Council's policy in relation to fraud and corruption. It has the full support of the Council, the Council's Audit and Governance Committee and Senior Management Team.

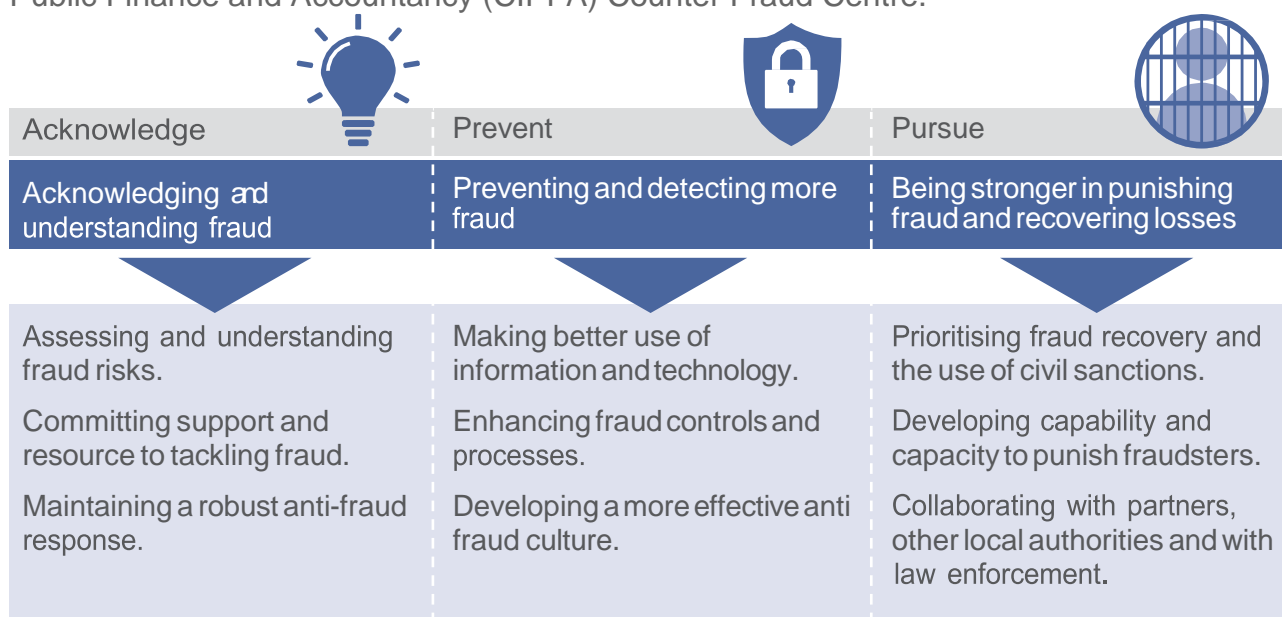

The Council takes its responsibilities to protect the public purse very seriously and is fully committed to the highest ethical standards, in order to ensure the proper use and protection of public funds and assets.

The Council will not tolerate fraud or corruption by its councillors, employees, suppliers, contractors, partners or service users and will take all necessary steps to investigate all allegations of fraud, bribery or corruption and pursue sanctions available in each case, including removal from office, disciplinary action, dismissal and/or prosecution. The required ethical standards are included in both our Members Code of Conduct and Employees Code of Conduct.

To fulfil the Council's Strategy, we need to maximise the financial resources available to us. In order to do this, we aim to reduce fraud and misappropriation to zero.

This policy statement is underpinned by an Anti Fraud and Corruption Strategy, which sets out the key responsibilities with regard to fraud prevention, what to do if fraud is suspected and the action that will be taken by management.

The strategy is based upon three key themes: **Acknowledge, Prevent and Pursue** and adheres to the Local Government Counter Fraud and Corruption Strategy 2016 - 2019: Fighting Fraud and Corruption Locally, which is supported by the Chartered Institute of Public Finance and Accountancy (CIPFA) Counter Fraud Centre.

Anti Fraud and Corruption Strategy

Gloucester City Council has a **zero tolerance** stance to all forms of fraud, bribery, corruption and theft, both from within the Council and from external sources. We recognise fraud can:

- Undermine the standards of public service that the Council is attempting to achieve;
- Reduce the level of resources and services available for the residents of Gloucester; and
- Result in major consequences which reduce public confidence in the Council.

What is Fraud?

Fraud: Is defined by the [Fraud Act 2006](#) (at [UK Legislation](#)) as follows:

A person is guilty of fraud if she/he is in breach of any of the following:

- Fraud by false representation: that is if a person:
 - (a) Dishonestly makes a false representation; and
 - (b) Intends, by making the representation:
 - (1) To make a gain for him/herself or another; or
 - (2) To cause loss to another or to expose another to the risk of loss.
- Fraud by failing to disclose information: that is if a person:
 - (a) Dishonestly fails to disclose to another person information which she/he is under a legal duty to disclose; and
 - (b) Intends, by failing to disclose the information:
 - (1) to make gain for him/herself or another; or
 - (2) to cause loss to another or to expose another to the risk of loss.
- Fraud by abuse of position: that is if a person:
 - (a) Occupies a position in which he is expected to safeguard, or not to act against the financial interests of another person;
 - (b) Dishonestly abuses that position; and
 - (c) Intends, by means of the abuse of that position to:
 - (1) Make a gain for her/himself or another; or
 - (2) Cause loss to another or to expose another to the risk of loss.

In addition the Fraud Act deals with offences relating to the possession of articles for use in fraud, making or supplying articles for use in frauds, participation by a sole trader in fraudulent business, and obtaining services dishonestly, personally or for another.

What is Corruption?

Corruption is the deliberate misuse of your position for direct or indirect personal gain. “Corruption” includes offering, giving, requesting or accepting a bribe or reward, which influences your actions or the actions of someone else. [The Bribery Act 2010](#) (at [UK Legislation](#)) makes it possible for Senior Officers to be convicted where they are deemed to have given their consent or tacit approval in giving or receiving a bribe.

The Act also created the Corporate Offence of “Failing to prevent bribery on behalf of a commercial organisation” (corporate liability).

To protect itself against the corporate offence, the Act also requires organisations to have “adequate procedures in place to prevent bribery”. This strategy, the GCC Codes of Conduct (Members and Officers) and the Council’s Confidential Reporting Procedure (Whistleblowing) are designed to meet that requirement.

What is Bribery?

The Bribery Act 2010 came into force in the UK on 1st July 2011. It amends and reforms the UK criminal law and provides a modern legal framework to combat bribery in the UK and internationally. Staff need to be aware of their obligations under this Act, which sets out the criminality of accepting and giving of bribes. This applies to both individual staff and the Council corporately.

The Bribery Act creates the following offences:

- Active bribery: promising or giving a financial or other advantage;
- Passive bribery: agreeing to receive or accepting a financial or other advantage;
- Bribery of foreign public officials; and
- The failure of commercial organisations to prevent bribery by an associated person (corporate offence).

The penalty under the Bribery Act is an unlimited fine and/or imprisonment up to a maximum of 10 years. These responsibilities are set out within the Council’s Anti Bribery Policy (Appendix 4).

What is Theft?

Theft is the physical misappropriation of cash or other tangible assets. A person is guilty of “theft” if he or she dishonestly takes property belonging to another, with the intention of permanently depriving the other of it.

What is Money Laundering?

Money Laundering is the process by which criminals attempt to 'recycle' the proceeds of their criminal activities in order to conceal its origin and ownership whilst retaining use of the funds.

The burden of identifying and reporting acts of money laundering rests within the Council. Any service that receives money from an external person or body is potentially vulnerable to a money laundering operation. The need for vigilance is vital and any suspicion concerning the appropriateness of a transaction should be reported and advice sought from the Money Laundering Reporting Officer.

The Council recognises its responsibilities under the Money Laundering Regulations 2007 and the Proceeds of Crime Act 2002. These responsibilities are set out within the Council's Anti Money Laundering Policy (Appendix 5).

Scope

This strategy applies to:

- All Gloucester City Council employees (including volunteers and agency staff);
- Councillors;
- Staff and Committee Members of council funded voluntary organisations;
- Gloucester City Council partners;
- NHS partners;
- Gloucester City Council's suppliers, contractors and consultants;
- Service Users; and
- Gloucester City residents.

What are the aims and objectives of the strategy?

We aim to:

- Protect the Council's valuable resources by ensuring they are not lost through fraud but are used for improved services to Gloucester's residents and visitors;
- Create and promote an 'anti fraud' culture which highlights the Council's **zero tolerance** of fraud, bribery, corruption and theft;
- Provide a Counter Fraud Service which:
 - Ensures that the resources dedicated are sufficient and those involved are trained to deliver a professional counter fraud service to the highest standards;
 - Proactively deters, prevents and detects fraud, bribery, corruption and theft;
 - Investigates suspected or detected fraud, bribery, corruption and theft;
 - Enables the Council to apply appropriate sanctions and recover all losses. In addition wherever possible the Council seeks to recover all proven financial losses through court action or by invoicing an individual. Where an employee is a member of the Local Government Pension Scheme, then in accordance with the provisions of those pension schemes, the Council will seek to recover any money owing as a result of that employee's grave misconduct, criminal, negligent or fraudulent acts or omission from the employee's pension benefits. Alternatively and again in accordance with the provisions of those pension schemes, the Council will seek full forfeiture of that members pension benefits where applicable.
- Provides recommendations to inform policy, system, risk management and control improvements, thereby reducing the Council's exposure to fraudulent activity;
- Create an environment that enables the reporting of any genuine suspicions of fraudulent activity. However, we will not tolerate malicious or vexatious allegations or those motivated by personal gain and, if proven, we may take disciplinary or legal action; and
- Work with our partners and other investigative bodies to strengthen and continuously improve our arrangements to prevent fraud and corruption.

What is GCC's approach to Countering Fraud?

Managing the Risk of Fraud and Corruption

- As with any risk faced by the Council, it is the responsibility of managers to ensure that fraud risk is adequately considered when preparing risk assessments in support of achieving strategic priorities, business plan, projects and programmes objectives and outcomes. In making this assessment it is important to consider the risk of fraud occurring rather than the actual incidence of fraud having occurred in the past. Once the fraud risk has been evaluated, appropriate action should be taken to mitigate those risks on an ongoing basis.
- Any changes in operations or the business environment must also be assessed to ensure any impacts, which might increase the risk or otherwise change the risk of fraud, bribery and corruption, are properly taken into account.
- Good corporate governance procedures are a strong safeguard against fraud and corruption. Adequate supervision, recruitment and selection, scrutiny and healthy scepticism must not be seen as distrust but simply as good management practice shaping attitudes and creating an environment opposed to fraudulent activity.
- Whilst all stakeholders in scope have a part to play in reducing the risk fraud, GCC's Members, Corporate Directors and Management are ideally positioned to influence the ethical tone of the organisation and play a crucial role in fostering a culture of high ethical standards and integrity.
- GCC will fulfil the responsibility to reduce fraud and protect our resources by a strategic approach consistent with that outlined in the Local Government Counter Fraud and Corruption Strategy 2016-2019 and CIPFA's Fighting Fraud and Corruption Locally publication.

Fighting Fraud and Corruption Locally: Acknowledge, Prevent, Pursue

ACKNOWLEDGE	Committing Support	The Council's commitment to tackling the threat of fraud is clear. We have strong whistleblowing procedures and support those who come forward to report suspected fraud. All reports will be treated seriously and acted upon. We will not, however, tolerate malicious or vexatious allegations.
	Assessing Risks	We will continuously assess those areas most vulnerable to the risk of fraud as part of our risk management arrangements. These risk assessments will inform our internal controls and counter fraud priorities. In addition, Internal Audit will carry out work in these high risk areas to assist management in detecting existing and new types of fraudulent activity. Examples of fraud indicators are provided at Appendix 1 and types of fraud are provided at Appendix 2.
	Robust Response	We will strengthen measures to prevent fraud. Internal Audit will work with our internal partners such as management, HR, Finance, Legal, policy makers and external partners, to ensure new and existing systems and policy initiatives are adequately fraud proofed.
PREVENT	Better use of Information Technology	We will make greater use of data and analytical software to prevent and detect fraudulent activity. We will look for opportunities to share data and fraud intelligence to increase our capability to uncover potential and actual fraud.
	Anti Fraud Culture	We will promote and develop a strong counter fraud culture, raise awareness, provide a fraud e-learning tool and provide information on all aspects of our counter fraud work. This will include publicising the results of all proactive work, fraud investigations, successful sanctions and any recovery of losses due to fraud.
PURSUE	Fraud Recovery	A crucial element of our response to tackling fraud is recovering any monies lost through fraud. This is an important part of our strategy and will be rigorously pursued, where possible.
	Punishing Fraudsters	We will apply realistic and effective sanctions for individuals or organisations where an investigation reveals fraudulent activity. This may include legal action, criminal and/or disciplinary action, where appropriate.
	Enforcement	Appropriately trained investigators will investigate any fraud detected through the planned proactive work; cases of suspected fraud referred from internal or external stakeholders, or received via the confidential reporting procedure (whistleblowing). We will also work with relevant internal and external partners/external agencies/organisations.

Reporting, Advice and Support

The Council recognises that the primary responsibility for the prevention and detection of fraud rests with management. If you believe that someone is committing a fraud or you suspect corrupt practices, these concerns should be raised, in the first instance, directly with your supervisor/business unit manager.

Alternatively, you may raise any concern with the Council's Monitoring Officer, or the Council's Internal auditor in accordance with the Council's confidential reporting procedure (whistleblowing). We will treat all concerns or suspicions with discretion and in confidence. The whistleblowing policy can be found at Appendix 6.

Employees

Employees who wish to raise a serious concern, require advice and/or support, should do so verbally or in writing (marked 'Confidential') to either of the following:

Appendix 1 Key fraud indicators

A number of frauds can come to light because of suspicions aroused by, for instance, the behaviour of certain individuals. It is impossible to give a definitive list of fraud indicators or warning signs. However, the following are indicators that may, either alone or cumulatively with other factors, suggest the possibility of fraud and may therefore warrant further investigation or enquiry.

- **Unusual employee behaviour:** Refusal to comply with normal rules and practices, fails to take leave, refusing promotion, managers by-passing subordinates, subordinates by-passing managers, living beyond means, regularly working long hours, job dissatisfaction / unhappy employee, secretiveness or undue defensiveness.
- **Financial irregularities:** Key documents missing (e.g. invoices, contracts); absence of controls and audit trails; missing expenditure vouchers and official records; general ledger out of balance; bank and ledger reconciliations are not maintained or cannot be balanced; excessive movements of cash or transactions between accounts; numerous adjustments or exceptions; constant overdue pay or expense advances; duplicate payments; ghost employees on the payroll; large payments to individuals; excessive variations to budgets or contracts.
- **Poor procurement practice:** Too close a relationship with suppliers/contractors; suppliers / contractors who insist on dealing with only one particular member of staff; unjustified disqualification of any bidder; lowest tenders or quotes passed over with minimal explanation recorded; defining needs in ways that can be met only by specific contractors; single vendors; vague specifications; splitting up requirements to get under small purchase requirements or to avoid prescribed levels of review or approval.
- **Disorganisation:** Understaffing in key control areas; consistent failures to correct major weaknesses in internal control; inadequate or no segregation of duties.
- **Inadequate supervision:** Policies not being followed; lack of senior management oversight; inadequate monitoring to ensure that controls work as intended (periodic testing and evaluation); low staff morale, weak or inconsistent management.
- **Lax corporate culture:** Management frequently override internal control; climate of fear or a corporate culture; employees under stress without excessive workloads; new employees resigning quickly; crisis management coupled with a pressured business environment; high employee turnover rates in key controlling functions.
- **Poor work practices:** Lack of common sense controls; work is left until the employee returns from leave; post office boxes as shipping addresses; documentation that is photocopied or lacking essential information; lack of rotation of duties; unauthorised changes to systems or work practices.

Appendix 2 Types of Fraud

Local authorities have reported a wide range of fraud types. The main areas of fraud that were reported in Fighting Fraud Locally 2011 continue to feature as significant risks. However, there are also new fraud types emerging and some of these are more prevalent in particular parts of the country. It is clear that a one size fits all approach is not appropriate and therefore the Council needs to remain vigilant and be aware of these types of fraud risks.

Known Fraud Risks Remaining Significant

Council tax – Discounts and exemptions, council tax support.

Grants – Work not carried out, funds diverted, ineligibility not declared.

Identity fraud – False identity / fictitious persons applying for services / payments.

Internal fraud – Diverting council monies to a personal account; accepting bribes; stealing cash; misallocating social housing for personal gain; working elsewhere while claiming to be off sick; false overtime claims; selling council property for personal gain; wrongfully claiming benefit while working.

Payroll – False employees, overtime claims, expenses.

Pensions – Deceased pensioner, overpayments, entitlement overstated.

Procurement – Tendering issues, split contracts, double invoicing.

Tenancy – Fraudulent applications for housing or successions of tenancy, and subletting of the property.

Emerging / Increasing Fraud Risks

Business rates – Fraudulent applications for exemptions and reliefs, unlisted properties.

Commissioning of services – Including joint commissioning, third sector partnerships – conflicts of interest, collusion.

Cyber dependent crime and cyber enabled fraud – Enables a range of fraud types resulting in diversion of funds, creation of false applications for services and payments.

Disabled Facility Grants – Fraudulent applications for adaptations to homes aimed at the disabled.

Immigration – Including sham marriages. False entitlement to services and payments.

Insurance Fraud – False claims including slips and trips.

Local Enterprise Partnerships – Voluntary partnerships between local authorities and businesses. Procurement fraud, grant fraud.

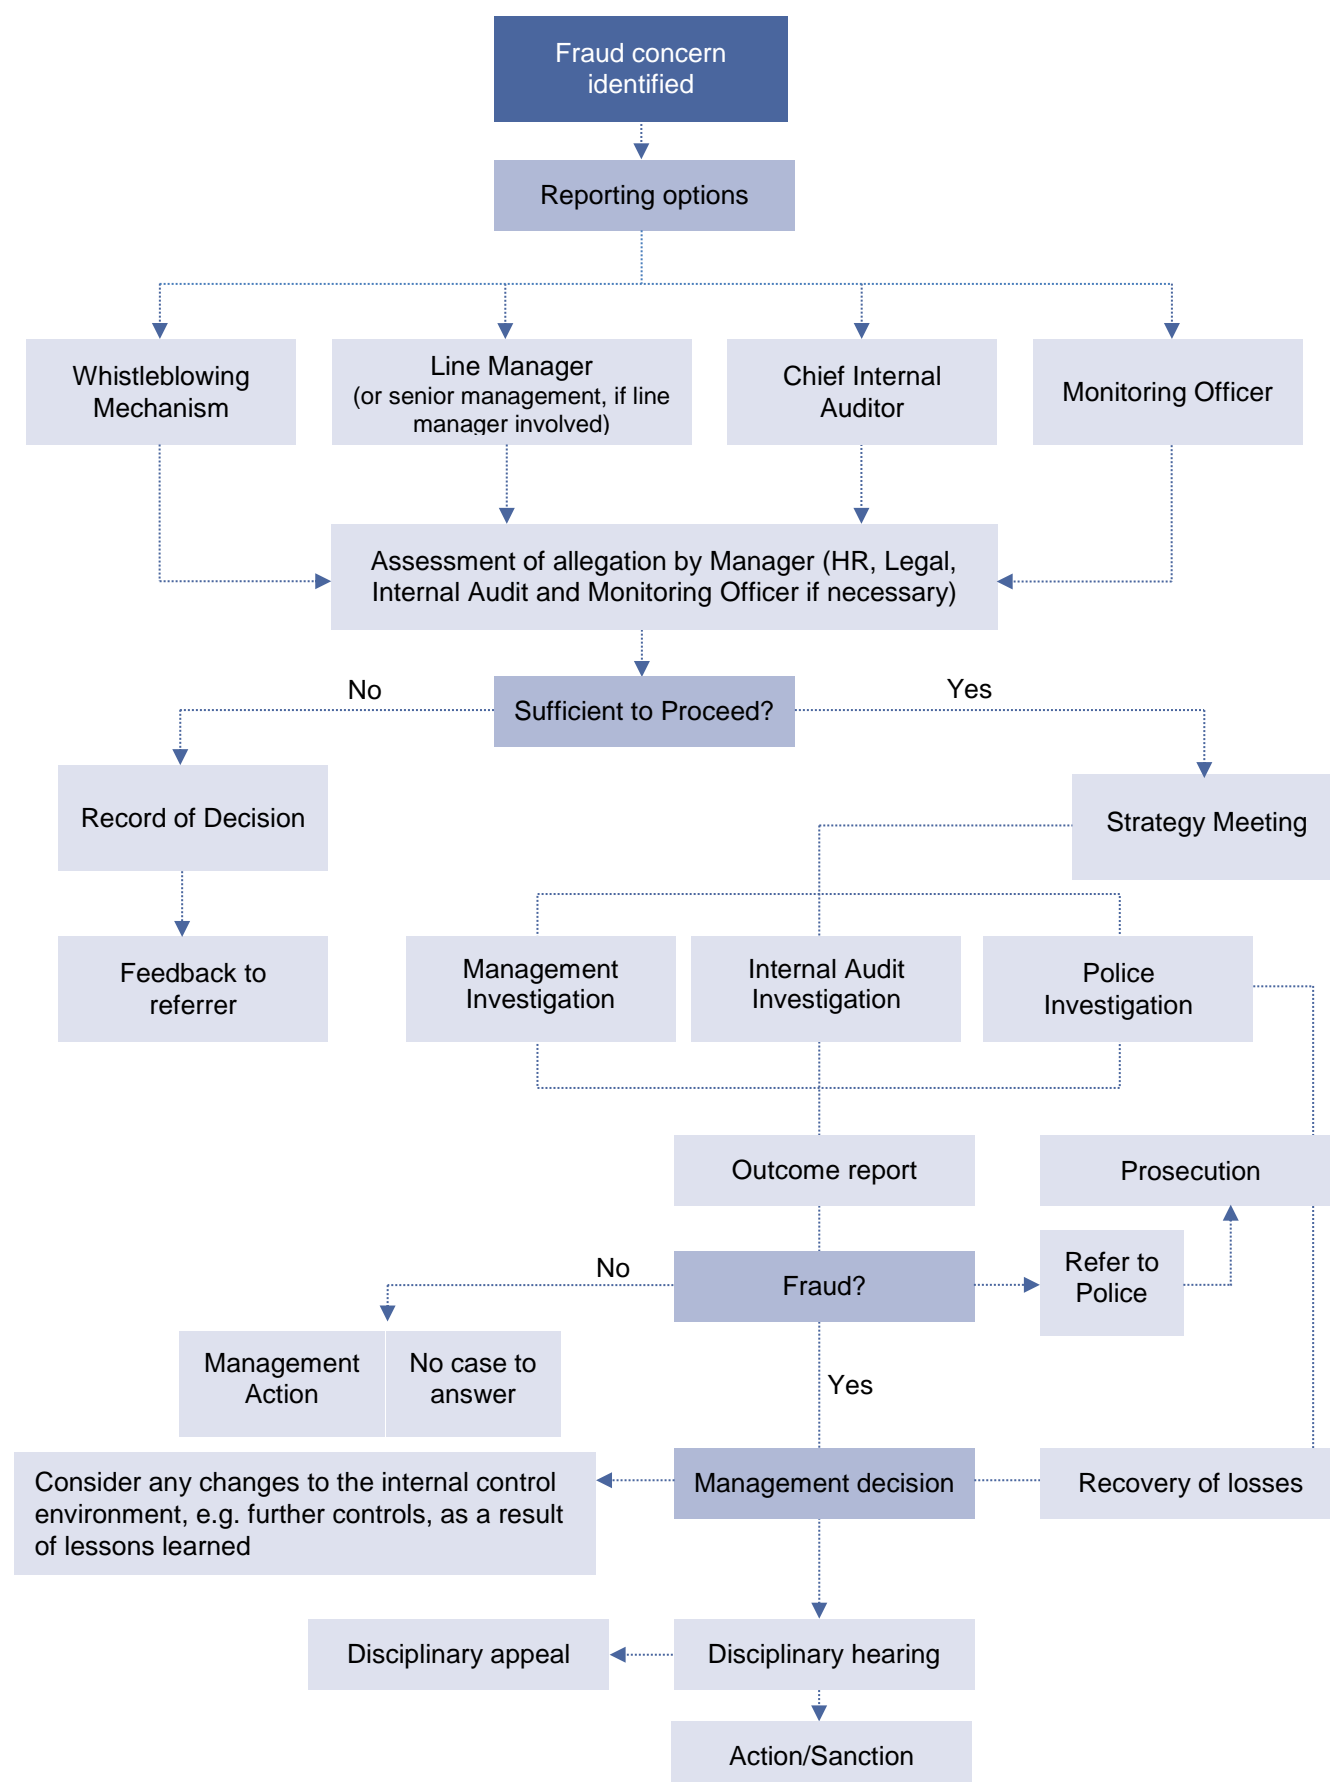

New Responsibilities – Areas that have transferred to local authority responsibility e.g. Public Health grants, contracts.

Money laundering – Exposure to suspect transactions.

No recourse to public funds – Fraudulent claim of eligibility.

Right to buy – Fraudulent applications under the right to buy/acquire.

Appendix 3 GCC's Fraud Response Plan

Appendix 4 Anti-Bribery Policy

Introduction

The Council is committed to implementing and enforcing effective systems to counter bribery. Therefore, it is the council's policy to conduct all aspects of its business in an honest and ethical manner at all times.

Bribery Act 2010

The Bribery Act 2010 came into force in the UK on 1st July 2011. It amends and reforms the UK criminal law and provides a modern legal framework to combat bribery in the UK and internationally. Staff need to be aware of their obligations under this Act, which sets out the criminality of accepting and giving of bribes. This applies to both individual staff and the council corporately. The Bribery Act creates the following offences:

- Active bribery: promising or giving a financial or other advantage;
- Passive bribery: agreeing to receive or accepting a financial or other advantage;
- Bribery of foreign public officials; and
- The failure of commercial organisations to prevent bribery by an associated person (corporate offence).

The penalty under the Bribery Act is an unlimited fine and/or imprisonment up to a maximum of 10 years.

Full details of the Act can be found at:

<http://www.legislation.gov.uk/ukpga/2010/23/contents>

Policy

The aim of this policy is to help the Council act in accordance with the Bribery Act 2010, maintain the highest possible standards of business practice, and advise individuals of the Council's 'zero-tolerance' to bribery.

This policy applies to all councillors, permanent and fixed-term staff employed by the Council, and any contractors, consultants or other persons acting within or on behalf of the Council.

The Council will not:

- Make contributions of any kind with the purpose of gaining any commercial advantage;
- Provide gifts or hospitality with the intention of persuading anyone to act improperly, or to influence a public official in the performance of their duties; and
- Make, or accept, inducements of any kind.

Council Responsibility

The Council will:

- Keep appropriate internal records that will evidence the business reason for making any payments to third parties;
- Encourage employees to raise concerns about any issue or suspicion of malpractice at the earliest possible stage; and
- Ensure that anyone raising a concern about bribery will not suffer any detriment as a result, even if their concerns are not validated, providing there is no malicious intent.

Employee Responsibility

Employees must not:

- Accept any financial or other reward from any person in return for providing some favour;
- Request a financial or other reward from any person in return for providing some favour; and
- Offer any financial or other reward to any person in return for providing some favour.

Non Compliance

All employees have a role to play in enforcing the policy and are required to report any suspected breach in accordance with the Council's whistleblowing policy.

The Council will not tolerate bribery or corruption by its councillors, employees, suppliers, contractors, partners or service users and will take all necessary steps to investigate all allegations of bribery or corruption and pursue sanctions available in each case, including removal from office, disciplinary action, dismissal and/or prosecution under the Bribery Act 2010.

Appendix 5 Anti-Money Laundering Policy

Introduction

The Proceeds of Crime Act (POCA) 2002, Money Laundering Regulations 2007 and the Terrorism Act 2000 place obligations on the Council and its employees with respect to suspected money laundering. These obligations impact on certain areas of local authority business and require local authorities to establish internal procedures to prevent the use of their services for money laundering. This Policy sets out how any concerns should be raised.

Whilst the majority of money laundering activity in the UK falls outside of the public sector, vigilance by employees of the Council can help identify those who are or may be perpetrating crimes relating to the financing of terrorism and money laundering.

Scope of the Policy

This Policy applies to all employees of the Council and aims to maintain the high standards of conduct which currently exist within the Council by preventing criminal activity through money laundering. The Policy sets out the procedures which must be followed (for example the reporting of suspicions of money laundering activity) to enable the Council to comply with its legal obligations.

Failure by a member of staff to comply with the procedures set out in this Policy may lead to disciplinary action being taken against them. Any disciplinary action will be dealt with in accordance with the Council's Disciplinary Policy and Procedure.

What is Money Laundering?

Money laundering is the generic term used to describe the process by which criminals disguise the original ownership and control of the proceeds of criminal conduct by making such proceeds appear to have derived from a legitimate source. In other words, the process of changing 'bad' money into 'good' money in order to hide the fact that the money originated from criminal activity. Formally, the following acts constitute money laundering:

- Concealing, disguising, converting, transferring criminal property or removing it from the UK (section 327 of the Proceeds of Crime Act 2002); or
- Entering into or becoming concerned in an arrangement which you know or suspect facilitates the acquisition, retention, use or control of criminal property by or on behalf of another person (section 328);
- Acquiring, using or possessing criminal property (section 329); or
- Becoming concerned in an arrangement facilitating concealment, removal from the jurisdiction, transfer to nominees or any other retention or control of terrorist property (section 18 of the Terrorism Act 2000).

These are the primary money laundering offences and thus prohibited acts under the legislation. There are also two secondary offences: failure to disclose any of the primary offences and tipping off. Tipping off is where someone informs a person or people who are, or are suspected of being involved in money laundering, in such a way as to reduce the likelihood of their being investigated or prejudicing an investigation.

Potentially any member of staff could be implicated by the money laundering provisions if they suspect money laundering and either become involved with it in some way and/or do nothing about it.

Failure to disclose (section 330)

A person commits an offence if each of the following three conditions are satisfied;

- they know or have reasonable grounds to suspect that another person is engaged in money laundering;
- the information or knowledge in which they have grounds for suspicion is received in the course of business in the regulated sector; and
- the required disclosure is not made as soon as is practicable after the information comes to them.

A person does not commit an offence under this section if:

- there is a reasonable excuse for not disclosing this information or other matter;
- they provide professional legal advice and the information came to them in privileged circumstances; and
- they do not know or suspect money laundering, or have not been provided with such training as specified by the Secretary of State.

Whilst the risk to the Council of contravening the legislation is low, ***it is extremely important that all employees are familiar with their legal responsibilities: serious criminal sanctions may be imposed for breaches of the legislation.***

What are the Obligations on the Council?

Organisations conducting "relevant business" must:

- appoint a Money Laundering Reporting Officer ("MLRO") to receive disclosures from employees of money laundering activity (their own or anyone else's);
- implement a procedure to enable the reporting of suspicions of money laundering;
- maintain client identification procedures in certain circumstances; and
- maintain record keeping procedures.

Not all of the council's business is "relevant" for the purposes of the legislation. It is mainly the accountancy and audit services carried out by the financial service functions within the council and the financial, company and property transactions undertaken by Legal Services.

However, the safest way to ensure compliance with the law is to apply it to all areas of work undertaken by the Council; therefore, all staff are required to comply with the reporting procedure set out in the [Disclosure Procedure](#) section below.

The Money Laundering Reporting Officer (MLRO)

The officer nominated to receive disclosures about money laundering activity within the Council is the Chief Financial Officer Contact details are provided below:

Jon Topping
Head of Finance (S151 Officer),
Gloucester City Council,
Herbert Warehouse,
The Docks,
Gloucester,
Gloucestershire.
GL1 2EQ

Email: Jon.Topping@gloucester.gov.uk
Telephone: 01452 396242 (direct line)

In the absence of the MLRO, the Monitoring Officer is authorised to deputise.

Disclosure Procedure

Cash Payments:

No payment to the council will be accepted in cash (including notes, coins or travellers cheques in any currency) if it exceeds £5,000. Cash payments in excess of £10,000 received in more than one transaction within a twelve month period must also be treated as suspicious.

Even if the cash value is less than £5,000 and there is suspicion that the monies are from proceeds of crime then it should still be reported to the MLRO.

Any officer involved in a transaction of this kind should ensure that the person(s) provide satisfactory evidence of their personal identity.

Reporting to the Money Laundering Reporting Officer

Where you know or suspect that money laundering activity is taking/has taken place, or become concerned that your involvement in a matter may amount to a prohibited act under the legislation, you must disclose this as soon as practicable to the MLRO.

Your disclosure should be made to the MLRO using the pro-forma report form on Staffnet Money Laundering page. The report must include as much detail as possible.

The employee must follow any subsequent directions from the MLRO or deputy and must not make any further enquiries themselves into the matter. Additionally, they must not take any further steps in the transaction without authorisation from the MLRO or deputy.

The employee must not disclose or otherwise indicate their suspicions to the person(s) suspected of money laundering otherwise you may commit a criminal offence of "tipping off". They must not discuss the matter with others or note on a file that a report has been made to the MLRO in case this results in the suspect becoming aware of the suspicion, through a request to see their file. The MLRO will keep the appropriate records in a confidential manner.

Full details of the people involved (including you, if relevant), e.g. name, date of birth, address, company names, directorships, phone numbers, etc. will be required. If you are concerned that your involvement in the transaction would amount to a prohibited act under sections 327 - 329 of the 2002 Act, then your report must include all relevant details, as you will need consent from the National Crime Agency (NCA) via the MLRO, to take any further part in the transaction - this is the case even if the client gives instructions for the matter to proceed before such consent is given.

You should therefore make it clear in the report if such consent is required and clarify whether there are any deadlines for giving such consent e.g. a completion date or court deadline;

Once you have reported the matter to the MLRO you must follow any directions he may give you. You must **not** make any further enquiries into the matter yourself: any necessary investigation will be undertaken by the NCA. Simply report your suspicions to the MLRO who will refer the matter on to the Serious Organised Crime Agency (SOCA) if appropriate. All members of staff will be required to co-operate with the MLRO and the authorities during any subsequent money laundering investigation.

Client Identification Procedure (Customer Due Diligence)

Where the Council is carrying out relevant business (e.g. accountancy, audit and certain legal services) it must apply customer due diligence measures:

- a) when you establish a business relationship;
- b) when you carry out an 'occasional transaction' worth €15,000 (approximately £10,000) or more;
- c) when you suspect money laundering or terrorist financing;

- d) when you have doubts about a customer's identification information that you obtained previously;
- e) when it's necessary for existing customers - for example if their circumstances change.

A business relationship is one that you enter into with a customer where both of you expect that the relationship will be ongoing. It can be a formal or an informal arrangement.

When a new business relationship is established the Council needs to obtain information on:

- the purpose of the relationship;
- the intended nature of the relationship - for example where funds will come from, the purpose of transactions, and so on.

The type of information that you need to obtain may include:

- details of your customer's business or employment;
- the source and origin of funds that the customer will be using in the relationship;
- copies of recent and current financial statements;
- details of the relationships between signatories and any underlying beneficial owners;
- the expected level and type of activity that will take place in the relationship.

Please note that unlike the reporting procedure, the client identification procedure is restricted to those operating relevant business, i.e. Financial Services and Legal Services.

In the above circumstances, staff in the relevant unit of the Council must obtain satisfactory evidence of the identity of the prospective client, as soon as practicable after instructions are received (unless evidence of the client has already been obtained). This applies to existing clients, as well as new ones, but identification evidence is not required for matters entered into prior to 1 March 2004.

Once instructions to provide relevant business have been received, and it has been established that any of paragraphs (a) to (e) apply, evidence of identity should be obtained.

With instructions from new clients, or further instructions from a client not well known to you, you may wish to seek additional evidence of the identity of key individuals in the organisation and of the organisation itself.

In all cases, the evidence should be retained for at least five years from the **end** of the business relationship or transaction(s).

If satisfactory evidence of identity is not obtained at the outset of the matter then the business relationship or one off transaction(s) cannot proceed any further.

Record Keeping Procedures

The MLRO should retain records of all referrals made to them and of any action taken. The precise nature of these records is not set out in law but should be capable of providing an audit trail during any subsequent investigation.

All records should be retained for at least five years. This is so that they may be used as evidence in any subsequent investigation by the authorities into money laundering.

Guidance and Training

In support of this policy, the Council will:

- make staff aware of the requirements and obligations under the anti-money laundering policy legislation; and
- provide training to those most likely to encounter money laundering.

Conclusion

The legislative requirements concerning anti-money laundering procedures are lengthy and complex. This Policy has been written to support the Council to meet the legal requirements in a way which is proportionate to the very low risk to the Council of contravening the legislation.

Should you have any concerns whatsoever regarding any transactions then you should contact the MLRO.

Appendix 6 Whistleblowing Policy

About this policy

We are committed to conducting our business with honesty and integrity, and we expect all staff to maintain high standards in accordance with Gloucester City Council's Codes of Conduct. However, all organisations face the risk of things going wrong from time to time, or of unknowingly harbouring illegal or unethical conduct. A culture of openness and accountability is essential in order to prevent such situations occurring and to address them when they do occur.

The aims of this policy are:

- To encourage staff to report suspected wrongdoing as soon as possible, in the knowledge that their concerns will be taken seriously and investigated as appropriate, and that their confidentiality will be respected;
- To provide staff with guidance on how to raise those concerns; and
- To reassure staff that they should be able to raise genuine concerns without fear of reprisals, even if they turn out to be mistaken, providing they have reasonable belief that they have raised a concern in the public interest.

This policy covers all employees, Members, apprentices, consultants, contractors, volunteers, interns, casual workers, partner organisations and agency workers.

This policy takes account of the [Whistleblowing Arrangements Code of Practice](#) issued by the [British Standards Institute](#) and [Public Concern at Work](#).

This policy maybe amended at any time.

Responsibility for the policy

The Monitoring Officer has overall responsibility for this policy, and for reviewing the effectiveness of actions taken in response to concerns raised under this policy.

The Monitoring Officer has day-to-day operational responsibility for this policy, and must ensure that all managers and other staff who may deal with concerns or investigations under this policy receive regular and appropriate training.

The Monitoring Officer, in conjunction with The Audit and Governance Committee should review this policy from a legal and operational perspective at least once a year.

All staff are responsible for the success of this policy and should ensure that they use it to disclose any suspected irregularity, danger or wrongdoing.

What is whistleblowing?

Whistleblowing is the disclosure of information which relates to suspected irregularity, wrongdoing or dangers at work. This may include:

- Criminal activity;
- Failure to comply with any legal or professional obligation or regulatory requirements;
- Miscarriages of justice;
- Danger to health and safety;
- Damage to the environment;
- Bribery;
- Financial fraud or mismanagement;
- Negligence;
- Breach of our internal policies and procedures including our Code of Conduct;
- Conduct likely to damage our reputation;
- Unauthorised disclosure of confidential information;
- The deliberate concealment of any of the above.

A whistleblower is a person who raises a genuine concern relating to any of the above. If you have any genuine concerns related to suspected irregularity affecting any of our activities (a whistleblowing concern) you should report it under this policy.

This policy should not be used for complaints relating to your own personal circumstances, such as the way you have been treated at work. In those cases you should use the Grievance Procedure or the Dignity and Respect at Work Policy, as appropriate.

If you are uncertain whether something is within the scope of this policy you should seek advice from the Monitoring Officer whose contact details are at the end of this policy.

Raising a whistleblowing concern

We hope that in many cases you will be able to raise any concerns with your line manager. You may tell them in person or put the matter in writing if you prefer. They may be able to agree a way of resolving your concern quickly and effectively. In some cases they may refer the matter to the Monitoring Officer.

However, where the matter is more serious, or you feel that your line manager has not addressed your concern, or you prefer not to raise it with them for any reason, you should contact one of the following:

- a) The Monitoring Officer;
- b) Head of Finance (Section 151 Officer);
- c) Chief Internal Auditor;
- d) Head of Service.

Contact details for a), b) and c) are set out at the end of this policy. If you do not know who the relevant Head of Service is for your role this can be obtained from the Monitoring Officer.

Employees who wish to make a written statement/report are invited to set out:

- the background and history of the concern;
- relevant dates, person/s involved; and
- details of supporting evidence.

Although employees are not expected to prove an allegation they will need to demonstrate that the disclosure is in the public interest.

How the Council will respond

Once you have raised a concern, we will carry out an initial assessment to determine the scope of any investigation. We will inform you of the outcome of our assessment.

You may be required to attend additional meetings in order to provide further information.

In some cases we may appoint an investigator or team of investigators including staff with relevant experience of investigations or specialist knowledge of the subject matter. The investigator(s) may make recommendations for change to enable us to minimise the risk of future wrongdoing. The overriding principle which the Council will take into account is public interest; however, the Council has a zero tolerance attitude to any fraudulent activity

We will aim to keep you informed of the progress of the investigation and its likely timescale. However, sometimes the need for confidentiality may prevent us giving you specific details of the investigation or any disciplinary action taken as a result. You should treat any information about the investigation as confidential.

Within 10 working days of a concern being raised, the Monitoring Officer will write to the employee concerned at their private address:

- acknowledging that the concern has been received;
- indicating how s/he proposes to deal with the matter;
- telling the employee whether any initial enquiries have been made; and
- telling the employee whether further investigations will take place and, if not, why not.

A representative of a trade union recognised by the Council or work place colleague may accompany an employee during any stage of an investigation conducted under this Procedure. Your companion must respect the confidentiality of the disclosure and any subsequent investigation.

The Council will take steps to minimise any difficulties which may be experienced as a result of raising a concern. For instance, where an employee is required to give evidence in criminal or disciplinary proceedings the Council will arrange for them to receive advice about the procedures involved.

The Council accepts that employees need to be assured that matters of concern have been properly addressed and therefore, subject to legal constraints, employees will be informed of the outcome of any investigation.

If we conclude that a whistleblower has made false allegations maliciously or with a view to personal gain, the whistleblower will be subject to disciplinary action.

The Monitoring Officer will keep a record of reported whistleblowing concerns (whistleblowing record) under their obligations. All line managers, persons listed on page 30 and investigator(s) are responsible for updating the Monitoring Officer with the necessary details for maintaining the whistleblowing record.

Confidentiality

We hope that staff will feel able to voice whistleblowing concerns openly under this policy. However, if you want to raise your concern confidentially, we will make every effort to keep your identity secret. If it is necessary for anyone investigating your concern to know your identity, we will discuss this with you.

We do not encourage staff to make disclosures anonymously. Proper investigation may be more difficult or impossible if we cannot obtain further information from you. It is also more difficult to establish whether any allegations are credible. Whistleblowers who are concerned about possible reprisals if their identity is revealed should come forward to the Monitoring Officer or one of the other contact points listed on page 30, and appropriate measures can then be taken to preserve confidentiality. If you are in any doubt you can seek advice from Public Concern at Work, the independent whistleblowing charity, who offer a confidential helpline. Their contact details are at the end of this policy.

If you are not satisfied

While we cannot always guarantee the outcome you are seeking, we will try to deal with your concern fairly and in an appropriate way. By using this policy you can help us to achieve this.

If you are not happy with the way in which your concern has been handled, you can raise it with one of the other key contacts in the [contacts](#) section. Alternatively you may contact our external auditors (who may liaise with officers of the Council). Contact details are set out at the end of this policy.

External disclosures

The aim of this policy is to provide an internal mechanism for reporting, investigating and remedying any wrongdoing in the workplace. In most cases you should not find it necessary to alert anyone externally.

The law recognises that in some circumstances it may be appropriate for you to report your concerns to an external body such as a regulator. It will very rarely, if ever, be appropriate to alert the media. We strongly encourage you to seek advice before reporting a concern to anyone external. The independent whistleblowing charity, Public Concern at Work, operates a confidential helpline. They also have a list of prescribed regulators for reporting certain types of concern, such as health and safety, financial conduct, etc. Their contact details are at the end of this policy.

Whistleblowing concerns usually relate to the conduct of our staff, but they may sometimes relate to the actions of a third party, such as a customer, supplier or service provider. In some circumstances the law will protect you if you raise the matter with the third party directly. However, we encourage you to report such concerns internally first. You should contact your line manager or one of the other individuals set out in [contacts](#) section for guidance.

Protection and support for whistleblowers

It is understandable that whistleblowers are sometimes worried about possible repercussions. We aim to encourage openness and will support staff that raise genuine concerns under this policy, even if they turn out to be mistaken.

Whistleblowers must not suffer any detrimental treatment as a result of raising a concern. Detrimental treatment includes dismissal, disciplinary action, threats or other unfavourable treatment connected with raising a concern. If you believe that you have suffered any such treatment, you should inform the Monitoring Officer immediately. If the matter is not remedied you should raise it formally using our Grievance Procedure.

You must not threaten or retaliate against whistleblowers in any way. If you are involved in such conduct you may be subject to disciplinary action.
