

Meeting:	Cabinet	Date:	6th December 2017
Subject:	Strategic Risk Register Update		
Report Of:	Cabinet Member for Performance and Resources		
Wards Affected:	Not applicable		
Key Decision:	No	Budget/Policy Framework:	No
Contact Officer:	Theresa Mortimer - Head of Audit Risk Assurance		
	Email:	Tel: 01452 396338	
	Theresa.Mortimer@gloucester.gov.uk		
Appendices:	1: Strategic Risk Register as at 24th October 2017		

FOR GENERAL RELEASE

1.0 Purpose of Report

- 1.1 To present the Strategic Risk Register to Members for their awareness and consideration.

2.0 Recommendations

- 2.1 Cabinet is asked to **RESOLVE** that the Strategic Risk Register be noted and endorsed.

3.0 Background and Key Issues

Background

- 3.1 'Risk management is the culture, process and structures that are directed towards effective management of potential opportunities and threats to the Council achieving its priorities and objectives' – ALARM, the public risk management association.
- 3.2 The Accounts and Audit Regulations 2015 (part 2 paragraph 3) state 'a relevant local authority must ensure that it has a sound system of internal control which...includes effective arrangements for the management of risk'.
- 3.3 Risk management is a key part of the Council's corporate governance framework and internal control environment. It is one of the seven core principles within the Council's Code of Corporate Governance – 'managing risks and performance through robust internal control and strong public financial management'.
- 3.4 The Council's Risk Management Policy Statement and Strategy provides the framework for the effective management of risks and opportunities within the

Council, supports decision making at all levels, and aids delivery of the Council Plan values, key actions and projects. The Strategy also includes the process for monitoring and reporting of strategic risks. The Risk Management Policy Statement and Strategy was last updated and approved by Members in February 2017 (Cabinet approval following recommendation by Audit and Governance Committee).

- 3.5 The Risk Management Policy Statement and Strategy requires the Council to assess risks at a strategic level through documentation and management of the Strategic Risk Register. The Strategic Risk Register is owned and formally reviewed by Senior Management Team (SMT) on a regular basis. Strategic risk owners are at SMT level.
- 3.6 Member receipt and endorsement of the Strategic Risk Register is completed on a biannual basis by the Audit and Governance Committee and Cabinet. This is to enable Member awareness of the strategic risks facing the Council and the impact on decisions to be made by the Council.
- 3.7 This report is the first Strategic Risk Register update to Members within 2017/18.

Strategic Risk Register – position and review

- 3.8 The process for officer review and update of the Strategic Risk Register includes:
 - Update of individual strategic risks by designated risk owners on an ongoing basis (including risk scores, current control position, further mitigating actions required and their timing);
 - Regular formal review of the Strategic Risk Register by SMT, including review and challenge of current strategic risks and consideration of potentially emerging strategic risks; and
 - Administration and update support from the Officer Risk Management Champion (including maintenance of version audit trail).

Operational Risk Registers are held at service, partnership and project levels. Where operational risks are high scoring or have potential strategic implications, these are also considered through the above process and added to the Strategic Risk Register where appropriate.

- 3.9 The Strategic Risk Register is documented in line with the Risk Management Policy Statement and Strategy risk register template and assesses strategic risks over three stages:
 - Original risk score: the impact and likelihood of a risk if no action were taken;
 - Current risk score: the impact and likelihood of a risk considering current controls in place; and
 - Mitigated risk score: the target risk score, achievable following full implementation of the agreed further mitigating actions.

Emerging strategic risks (risks that may have a future strategic impact) are also documented and considered by SMT within the Strategic Risk Register.

- 3.10 The Strategic Risk Register was last reviewed and updated by SMT on 24th October 2017. See **Appendix 1**.

Strategic Risk Register – changes since last Member review:

3.11 The Strategic Risk Register version last reviewed by Members was within the 2016/17 Civic Year. The main areas of Strategic Risk Register update between 2016/17 and 24th October 2017 (**Appendix 1**) are summarised below:

- Strategic risk removed:
 - o Uncertainties arising from the UK leaving the EU (removed as an individual strategic risk however impact considered within retained strategic risks e.g. strategic risk 5 ‘failure to support and enable business growth within the city’).
- Strategic risks added:
 - o Inability of the Council to deliver the Council Plan to 2020;
 - o Inability of the Council to progress with the ongoing transformation begun by Together Gloucester; and
 - o Consideration of risks arising from the Property Investment Strategy.

4.0 Asset Based Community Development (ABCD) Considerations

4.1 There are no ABCD implications as a result of the recommendation made in this report.

5.0 Alternative Options Considered

5.1 The alternative option is not to present the Strategic Risk Register to Members. This option is not compliant with the CIPFA: Audit Committees Practical Guidance for Local Authorities and Police (2013) and does not support strategic risk awareness or informed prudent decision making.

6.0 Reasons for Recommendations

6.1 The Audit and Governance Committee’s role (as per the Constitution) includes the function to ‘monitor the adequacy and effectiveness of the Council’s governance arrangements’ including ‘monitoring the arrangements for the identification, monitoring and control of strategic and operational risk within the Council’.

6.2 The CIPFA: ‘Audit Committees – Practical Guidance for Local Authorities and Police (2013)’ confirms that the role of an Audit Committee includes keeping up to date with the risk profile of an organisation through regular review of the risk profile and areas of strategic risk.

6.3 The Risk Management Policy Statement and Strategy includes the following role and responsibility for Cabinet ‘Endorse the content of the Strategic Risk Register and proposed risk mitigation plans, and monitor implementation’.

6.4 This report aims to meet requirements 6.1 to 6.3 and support Member delivery of their relevant roles and responsibilities.

7.0 Future Work and Conclusions

- 7.1 The next Strategic Risk Register review by Members will be completed as part the Annual Risk Management Report 2017/18, which is due to be presented to Audit and Governance Committee in March 2018.
- 7.2 The Council's Covalent performance and risk management framework and system are due for implementation by 2017/18 year end. The Council's Risk Management Policy Statement and Strategy requirements and process will be embedded within the Covalent approach.

8.0 Financial Implications

- 8.1 There are no direct financial implications arising from the report recommendations. However, there are a number of risks within the Strategic Risk Register which, if not managed, have the potential to expose the Council to financial costs which are not provided for within existing budgets. The documented current controls and mitigating actions aim to manage the risk of Council exposure to these costs.

(Financial Services have been consulted in the preparation this report).

9.0 Legal Implications

- 9.1 None specifically arising from the report recommendations.
- 9.2 It is fundamental that the Council has an embedded risk management framework (including a Risk Management Policy Statement and Strategy) which considers the identification, recording and management of risks to the Council in the delivery of its priorities and objectives.
- 9.3 The existence and application of an effective Risk Management Policy Statement and Strategy (including Member review of the Strategic Risk Register and awareness of strategic risks) assists prudent decision making. Failure to identify and manage strategic risks could lead to inappropriate decision making, unnecessary liability and costly legal challenge.

(One Legal have been consulted in the preparation this report).

10.0 Risk and Opportunity Management Implications

- 10.1 The lack of a robust approach to the management of risks and opportunities could result in inappropriately informed decision making and non-achievement of the Council's priorities and objectives at both strategic and service levels.

11.0 People Impact Assessment (PIA):

- 11.1 The PIA screening stage was completed and did not identify any potential or actual negative impact, therefore a full PIA was not required.

12.0 Other Corporate Implications

Community Safety

- 12.1 There are no 'Community Safety' implications arising out of the recommendations in this report.

Sustainability

- 12.2 There are no 'Sustainability' implications arising out of the recommendations in this report.

Staffing and Trade Union

- 12.3 There are no 'Staffing and Trade Union' implications arising out of the recommendations in this report.
