## FOR GENERAL RELEASE

### 1.0 Purpose of Report

- 1.1 The purpose of this report is to inform Members of the Council's performance against key measures in Quarter 3 of 2018/19.

### 2.0 Recommendations

- 2.1 **Cabinet** is asked to **RESOLVE** that the Quarter 3 Performance Report 2018/19 at Appendix 1 be noted.
- 2.2 **Overview & Scrutiny Committee** is asked to **RESOLVE** that the Quarter 3 Performance Report 2018/19 at Appendix 1 be noted.

### 3.0 Background and Key Issues

- 3.1 This report sets out the Council's performance against a set of 26 key indicators in the third quarter of 2018/19. Corporate KPIs where data is collected annually have been excluded from this report and will be reported in the Year End report only.
- 3.2 Appendix 1 sets out the performance data, including comparative information from 2017/18 where available.
- 3.3 This is the third quarterly performance report generated using the new Performance Management System (PMS) and work on the framework remains ongoing as part of the wider transformation programme. It is anticipated that the Service Planning process for 2019/20 will generate revised measures across the Council and that this may result in changes to this report.
- 3.4 Where targets exist, these have been included along with a narrative to explain the data. A red (alert) threshold is included in some charts. Where performance is monitored as part of a contract, targets and red thresholds are set and revised as

part of that process, where this is not the case and there is also no national target available, the intention is for these to be determined during the service planning process in consultation with the relevant Cabinet Member and they will be influenced by a variety of factors depending on the measure in question.

- 3.5 The summary of KPIs is categorised by Short Term Trend. 17 measures have improved in the short term, which is an increase of 4 since the last quarter. Of the 8 measures that have worsened in the short term, only two are at red. Overall there are 12 measures at green, 5 at amber and 3 at red; the remaining 6 measures are either data only measures with no targets or have not yet had targets set, in addition to the measure for which there is no quarter 3 data available.
