#### **ACTION POINTS ARISING FROM COUNCIL NOTICES OF MOTION**

Notice of Motion: Gloucester Covid Memorial

#### Actions:

- To take the lead in creating a lasting Covid Memorial to be sited in a prominent position in the City.
- Design a fitting tribute that remembers those who lost their lives and recognises the immense contribution that key workers, volunteers and community organisations made during the crisis.
- Bring together a partnership of appropriate organisations and agencies to deliver the project and draw on their resources, skills and talents.
- Fully involve local people, communities, and voluntary organisations.

### **Update:**

We have had some initial contact with the Gloucestershire Health and Care NHS Foundation Trust and are waiting for them to come back to us with some thoughts and suggestions regarding the memorial.

The Friends of Gloucester Park have also been informed of the proposal. We have identified a potential location for the memorial within Gloucester Park and have some initial thoughts on the form that the memorial might take. We are currently waiting for confirmation that funding will be available, and how much that funding is likely to be, so that we can plan accordingly.
