### Vision

#### ***Building a greener, fairer, better Gloucester***

### Introduction from the Leader of the Council

Welcome to our Council Plan. This plan sets out our vision and key priorities for ***Building a greener, fairer, better Gloucester*** for everyone who lives, works in, and visits our city. This vision is not something that the council can achieve alone, and the plan sets out how we intend to work with partners and residents over the next three years to shape and achieve the best outcomes for all as we recover from the effects of the Covid-19 pandemic.

Over the last four years, we have made considerable progress towards achieving the objectives set out in our previous Council Plan and, while the pandemic presented many challenges for our city, we continued to have high expectations and implemented an extension to the Council Plan to focus our efforts on initiatives to support communities and the local economy, without losing sight of our aspirations to make Gloucester a city that works for everyone.

The new Council Plan seeks to continue and build on many of the promises in the last plan, improving the city through our ambitious plans for regeneration and culture, but to do so with a clear focus on two themes: tackling inequalities and taking action on climate change. The pandemic highlighted remarkable resilience within communities that worked together to support each other during challenging times, but we cannot ignore the inequalities that exist within our society. We value diversity and are committed to meeting the evolving needs of our residents and building a fairer and more inclusive city. We also know that every individual has a role to play in protecting our planet for future generations and as an organisation we are committed to ensuring that all our priorities are rooted in sustainability and environmental responsibility, doing all we can to reverse the damaging effects of climate change. These two themes run through each area of the Council Plan, and will guide our efforts as we work towards ***Building a greener, fairer, better Gloucester*** for our residents now, and in the future.

## Priority 1

### Building greener, healthier, and more inclusive communities

#### *What does this mean?*

The health and wellbeing of Gloucester's residents is at the heart of everything we do, and that's why we will tackle health inequalities, advocate for inclusivity, and take action to ensure a greener future for our city. We value diversity and know our communities have many strengths, and we will listen and provide the support residents need to improve their own lives, while continuing to help our most vulnerable residents. With the support of our partner agencies, we will foster resilient, cohesive, environmentally aware neighbourhoods and build on the achievements seen within our communities during the Covid19 pandemic.

Promises	Actions/Measures
To ensure that Gloucester's residents can lead a healthy and active lifestyle, we will tackle food poverty and ensure everyone has access to high-quality leisure facilities and thriving green spaces by working closely with organisations within our communities, Aspire Trust, and through our role on the Health and Wellbeing Board. We will promote active travel choices that reduce carbon emissions and contribute to physical and mental wellbeing.	Recruit and manage Food Inclusion Officer for Gloucester for two years and report on the outcomes of that work.
	Ensure delivery of a quality leisure offer for residents through conducting an options appraisal for seeking the best operational model for the city by Sept 2023.
	Provide grant to 'We Can Move' as part of the partnership delivery of the project. £10k per year.
Working closely with the voluntary and community sector, we will engage directly with communities to understand the root causes of inequality in our city and involve residents in improving our services so that they meet the needs of our diverse city. We are committed to building on the work of the council's Equalities Working Group and playing a leading role in the work of the city's Commission to Review Race Relations.	Deliver the Barton and Tredworth Task Force, reporting on and embedding learning from this work.
	Review and update the People Impact Assessment process to ensure equality is reflected in council decision-making and ensure that the Equalities Working Group action plan is delivered across our teams by integrating into team service plans each year.
	Support the Commission to Review Race Relations and formally consider any recommendations that are relevant to the council - reporting on progress and further activity in 2023.
Empowering our residents and keeping them safe is fundamental to ensuring Gloucester is a city that works for everyone, so we will continue with our Asset Based Community Development approach, working alongside Gloucester Community Building Collective to help communities identify and capitalise on their own strengths. We will keep our streets safe by addressing anti-social behaviour with our partners at Gloucestershire Constabulary and our City Centre Wardens to stamp out anti-social behaviour from our neighbourhoods and city centre.	Develop policy to increase the use of Community Protection notices by January 2023.
	Secure the continuation of Solace, our antisocial behaviour service, as a partnership with the Police and Crime Commissioner and Cheltenham Borough Council by December 2022, and monitor interventions.
	Deliver Annual Asset Based Community Development training to staff, building on the learning from Covid-19 and community recovery.
We will work with partners and agencies to make the best use of existing housing and reduce homelessness through effective early intervention, liaising with landlords and providers to identify solutions, and supporting our most vulnerable residents to stay in	Develop Wessex House - plans agreed by Dec 2022.
	Reduce the use of Bed & Breakfast accommodation for temporary accommodation by 20%.

their homes wherever possible. We will work towards eradicating rough sleeping and minimise the use of temporary accommodation, ensuring that only good quality, appropriate provision is utilised.	Set up an in-house Home Improvement Agency to support vulnerable and disabled residents to remain in their homes.
We recognise that environmental crime has an impact on our residents' enjoyment of their neighbourhoods and green spaces and affects how visitors view Gloucester. We will continue to take a tough stance on fly tipping and littering via our City Wardens and through enforcement action, and we are committed to protecting the environment by reducing incidences of fly tipping across our city and providing our residents with an attractive city that we can all be proud of.	Reduce reported incidences of flytipping by 30% by March 2024.
	Continue to tackle littering through the use of Fixed Penalty Notices (FPNs)- stabilise in year 2022-23 and reduce FPNs in 2023-24.
	Report on the actions and learning from taking a place-based task force approach in September 2022, with recommendations to embed within business as usual.
