

LIBERAL DEMOCRAT GROUP AMENDMENT

ITEM 9 COUNCIL PLAN 2022-2024

Add the following Actions/Measures to the Council Plan:

- Identify the current level of air-pollution across the city. Comparing the air pollution of today, during the Covid-19 lockdowns and pre-pandemic. Prepare an action plan to improve air quality across the city and especially in the air-pollution hotspots, to be approved by elected members.
- Install webcasting system, by the end of 2022, in the council chamber so that council and committee meetings can be recorded, posted and viewed online. Bringing Gloucester City Council in line with other councils that already webcast their meetings.
- Complete the housing stock survey by the end of the 2022/23 council year, to provide up to date evidence to allow elected members to revise housing and planning policies to deliver balanced communities.
