Subject: Application for a Premises Licence, GRFC Training Centre, St Catherine Street

Dear Sirs

I live close to the GRFC Training Centre and strongly object to any event being held there that finishes after 10pm Sunday to Thursday and 11pm Friday and Saturday. I think the application shows a complete lack of respect by the management towards local residents, including the fact that it was not widely publicized, so many residents may not be aware.

Suggesting that it is acceptable for an event to finish at midnight on a school night shows unbelievable contempt for our local children. A closing time of 2am on Saturday and Sunday mornings is equally unacceptable.

Please reject this application on the grounds that the timings suggested are totally inappropriate for a venue that is in the middle of a residential area.

Yours faithfully, [REDACTED]

Subject: Re: Application for a Premises Licence, GRFC Training Centre, St Catherine Street

I have to concur with both [REDACTED] and [REDACTED] on this. Early-hours disturbance is already an issue in this part of Kingsholm, and bearing in mind that we have to consider families, students and hospital workers on shifts, such hours as have been suggested are absolutely inappropriate.

Subject: RE: Application for a Premises Licence, GRFC Training Centre, St Catherine Street

Hi

I would like to support [REDACTED] objections to this application because of the hours of operation are unacceptable in a residential area. It is proposed to keep the training centre open until 3am everyday of the week and to sell alcohol from 6am to midnight every day. These hours need to be curtailed.

It is also proposed to extend amplified music late into the evening, to 11pm 7 days a week.

Best Wishes

[REDACTED]

Subject: rugby club training ground licence

I am writing to express my opposition to some of the terms of the licence applied for by the rugby club for their training premises. I live at the end of Serlo Road nearest to the building in question.

I understand that the rugby club needs extra funding to survive, but I am totally opposed to anything that goes on after 11.00 pm. This is predominantly a residential area, with many elderly people and people working shifts. I would not have moved to this house if it had been next door to a night club.

My neighbour wishes to be included in this, as she doesn't have a computer.

Yours,

[REDACTED]

[REDACTED]

APPENDIX 2

Dear Sir/Madam,

I am writing to object to Gloucester rugby LTD application for a premises licence. I have made several complaints over the last year about the noise coming from Gloucester rugby clubs training area (loud booming music) during their training days sometimes lasting up to 8 hours. Julie Turner has been good enough to speak to them and it has been less invasive recently. I am concerned that this area is going to be a live music and performance venue which will encroach on the lives of the people living in the vicinity. Some of the worst affected properties adjoin their boundary and this is in the middle of what was a quiet residential area. The hours applied for run to 2.30 am which is awful as we will have the corresponding crowds of party goers into the early hours all weekend and late at night possibly every other day of the week. This will affect and change the whole area. Regards Ron.

Subject: Kingsholm stadium late hours

Ref the hours and license of the factory next door to the heritage bar, I was refused late hours and I can see why it's a residential area, if this gets passed the flood gates will open and all bars will follow suit. Think of the residents and not just GRFC

Subject: Representation against Gloucester Rugby Ltd

Dear Licensing Team,

I wish to make an objection to the application by Gloucester Rugby Ltd for a license at GFRC training ground, St Catharines Street, Kingsholm.

As a neighbouring property, I am disappointed in the lack of communication from Gloucester Rugby in respect to this application. The training ground is set in the middle of a residential area with many families. There has been no communication with residents, engagement with the community or an impact assessment.

I have small children that attend school and sleep in the rooms at the rear of our property. Having music and drinking going on at all hours at the bottom of my garden is just not acceptable. There is already issues with the noise levels from the training facility it's like a nightclub during the day. Also the users are very inconsiderate of the area, the way that they speed entering and exiting the site is awful. We have been close passed (within just a few feet!) on several occasions while doing the school run as they can't wait a few seconds while we cross the road. Given this current behaviour and disregard for local residents I have no confidence that it will not get worse if the license is granted.

There are already 5 licensed premises in the area and the problems we see with drunks and drugs affect our everyday lives. From the amount of broken glass in the street and down the alley to the used needles left behind in the alleys and in the play park, to not feeling safe walking along the street to pick up a Saturday night takeaway due to the amount of drunk revellers gathered outside the Heritage and the Kingsholm Inn.

Taking into account the several HMO's of students and the noise disturbances when they come back at all hours, adding yet another nighttime venue is not going to improve the local area and community but will likely decimate it further.

What Kingsholm needs is more community hubs not nightclubs and live music venues that have 3am licenses.

Regards
