

# Gloucester City Council's 'Annual CIL Rate Summary Statement'

Approved for Publication December 2022

## Introduction

The Community Infrastructure Levy (CIL) Regulations 2010 (as amended) require CIL Charging Authorities to:

"Each calendar year, no earlier than 2<sup>nd</sup> December and no later than 31<sup>st</sup> December ... publish a statement ("Annual CIL Rate Summary") in relation to the next calendar year".

Regulation 121C(1)

This 'Annual CIL Rate Summary' Statement sets out how 'indexation' will affect CIL charges within the City of Gloucester from 1<sup>st</sup> January 2023 to 31<sup>st</sup> December 2023.

## Indexation

Indexation allows the rates charged to be adjusted to take account of inflation.

Whilst the most common index is the Retail Prices Index (RPI), published by the Office for National Statistics, the CIL Regulations require use of an index published by the Royal Institute of Chartered Surveyors (RICS).

Since 2019 the CIL Regulations have required the RICS to publish a 'CIL Index' for 1<sup>st</sup> November each year and for all Charging Authorities to apply this index.

## Calculating CIL

CIL is calculated by multiplying the net increase in gross internal area (GIA)<sup>1</sup> by the relevant CIL rate (£/m<sup>2</sup>). The CIL rates must be index linked from the year that CIL was introduced to the year that a planning permission is granted.

---

<sup>1</sup> The definition of gross internal area is not specified in the regulations; however, the generally accepted method of calculation is the RICS Code of Measuring Practice (6<sup>th</sup> edition, 2015)

## Background

Prior to changes in the CIL Regulations in 2019 Charging Authorities were required to use the national 'All-In Tender Price Index', published by the RICS' Build Cost Information Service (BCIS). Changes to the CIL Regulations that came into force on the 1<sup>st</sup> September 2019 now require, from the Calendar year 2020, use of a new RICS 'CIL Index'.

Along with the other JCS Authorities Gloucester City Council began charging CIL on planning permissions granted on or after the 1<sup>st</sup> January 2019. As required at the time the Authorities applied the 'All-In Tender Price Index' published on the 1<sup>st</sup> November 2018 for the first calendar year of charging.

The index is now applied annually on the 1<sup>st</sup> January each year based on the RICS 'CIL Index' published on the 1<sup>st</sup> November in the previous year.

## New Charges

From the 1<sup>st</sup> January 2023 to the 31<sup>st</sup> December 2023 rates have been adjusted in line with the RICS CIL Index published for the 1<sup>st</sup> November 2022.

The table below shows:

- The original charges which were set in Year 1 (2019) - when charging began the index was 322;
- the increased charges in Year 2 (2020) as the index rose by 3.73% to 334;
- the reduced charges in Year 3 (2021) as the index fell by 0.3% to 333;
- the reduced charges in Year 4 (2022) as the index fell by 0.3% to 332; and
- the increased charges in Year 5 (2023) as the index rose by 6.9% to 355.

## Publication

Regulation 121C(3) requires Charging Authorities to “publish each annual CIL rate summary” on their “website”. This statement will therefore *be published on-line, alongside Gloucester City Council’s Infrastructure Funding Statement (IFS) no later than the 31<sup>st</sup> December 2022.*

## Contingency

If the RICS CIL Index is discontinued, the Council will revert to using the BCIS Index and in the event that both are discontinued, will use the Retail Price Index.
