FOR GENERAL RELEASE

1.0 Purpose of Report

1.1 This report presents the draft Corporate Plan 2025-2028 and seeks approval to commence the required consultation process. The report also outlines the timetable for development of the final Plan.

2.0 Recommendations

2.1 Cabinet is asked to **RESOLVE** that:

- (1) the draft Corporate Plan 2025-2028 be approved for public consultation;
- (2) the timetable for the development and finalisation of the Corporate Plan 2025-2028 be noted.

3.0 Background and Key Issues

3.1 The Corporate Plan sets out Gloucester City Council's strategic direction over the next four years and how it intends to deliver its vision through a set of priorities, key projects and actions.

3.2 Following the elections in 2024 the Cabinet, working alongside officers, undertook to consider their goals, alongside reviewing existing workstreams, and define a set of new objectives. From this, a strategic vision and set of key actions, projects and measures have been developed that will communicate what the council will be doing and how it will direct its resources over the next four years.

3.3 The overarching vision is 'Putting the heart back into Gloucester', driven by the Administration's key objectives to strengthen civic pride, build more affordable homes, deliver a zero-carbon council, improve the biodiversity of our parks, transform Council services, deliver regeneration and make the City an exciting and attractive place to live and visit.

3.4 The priorities that set out how this will be achieved are:

1. A vibrant and attractive city that celebrates Gloucester's unique heritage.
2. Inclusive, thriving communities and residents that feel safe, supported and valued.
3. An innovative and accountable council focused on providing high-quality, accessible services and facilities.

3.5 Each priority has a set of promises, and each promise is accompanied by a number of actions and projects. The key actions and projects will provide a performance framework for the Plan that identifies how progress will be measured using milestones and available data. They will also inform Service Plans and staff Personal Performance Plans, ensuring that capacity and resources are directed to support the delivery of the Corporate Plan, while maintaining a culture of performance management and accountability.

3.6 In accordance with the council's Budget and Policy Framework Procedure Rules, the next stage in the development of the new Corporate Plan is a six-week period of public consultation. The purpose of the consultation is to obtain views on the overall direction of the draft Plan, the main themes and priority areas. As part of this process, key partners will be invited to respond to the consultation and the Overview and Scrutiny Committee will have the opportunity to scrutinise the draft Plan and provide comments that will be considered alongside the consultation responses.

4.0 Social Value Considerations

4.1 The Council has a Social Value Policy that outlines the how the City Council intends to deliver on a broad range of local commitments through the delivery of its procurement activity and this will be relevant to various actions and projects in the draft Corporate Plan.

5.0 Environmental Implications

5.1 Tackling climate change and other environmental matters are a key priority with the Corporate Plan, evidenced through a number of relevant projects and actions.
